Viet Rangers Score Big Victory As 215 Reds Killed

Viet Cong Is Caught By Surprise

SAIGON (UPI) — South Vietnamese rangers scored one of their most impressive victories of the war yesterday over a Viet Cong battalion which broke and ran under repeated attacks of flaming naplam, a military spokesman reported today. He said the Reds lost 215 killed and 53 captured.

The assault against the enemy units on the Mekong River delta 107 miles south of Saigon caught the Viet Cong by surprise.

MARINE KILLED

A U.S. Marine was killed and 12 others wounded in twin ambushes today near Da Nang, 270 miles northwest of Saigon. The Viet Cong ambushed one 10-man patrol, killing one man and wounding two. A rescue patrol ran into an ambush and four Marines were wounded.

Marine helicopters attempted to remove the wounded men and ran into heavy fire which wounded one pilot. Marine F4 Phantom jets then roared to the assistance of the patrols and Army helicopters laced into the Reds with rockets and machineguns. The Marines reported the patrols killed five guerrillas and the aircraft 11.

Details of the Mekong victory were reported here by four American officers who took part in the battle. They called it one of the biggest victories scored by government forces this year and said the rangers captured important quantities of Soviet and Chinese Communist made weapons.

YANKS WOUNDED

Four Americans were wounded in the battle. Two Army ground advisers were hit by Communist fire and the pilot and co-pilot of two separate helicopters were lightly injured by flying plexiglass when Viet Cong bullets ripped through their windshields.

Capt. Joseph W. House, 30, of Birmingham, Ala., said units of the government's 21st Infantry Division killed 215 Viet Cong troops in one day. There have been other big kills but rarely has a well-trained Viet Cong unit broke and run, he said.

Although no new air strikes were reported against North Viet Nam today, American and South Vietnamese pilots were busy in South Viet Nam, flying 186 sorties against Viet Cong positions.

Red Chinese Explode Second Atomic Bomb

'Blackmail' Answer; No Surprise To U.S.

WASHINGTON (AP)—The U.S. government confirmed today that Red China has set off a second Hiroshima-size atomic explosion. The Chinese renewed a promise to support non-nuclear nations against "threat of nuclear blackmail."

State Department press officer Robert J. McCloskey said the Communist Chinese exploded their second nuclear device at about 9 p.m. EST last night at their test site at Lop Noi in western China.

The U.S. announcement followed a Peking radio broadcast which reported the second nuclear test and described it as a success.

SAME SIZE

McCloskey said the No. 2 atomic shot, as detected by U.S. monitors, appeared to be about the same size as the 20 kiloton explosion the Chinese originated last Oct. 16—or "possibly a little larger."

The Peking announcement had been greeted here with no surprise.

Sen. John J. Sparkman, D-Ala., acting chairman of the Senate Foreign Relations Committee said it "adds a little more bleakness to the world."

The test had been expected since Feb. 16, four months after the detonation of Red China's first nuclear device. At that time the State Department said, without disclosing the source of its information, that it had reason to believe preparations for a shot were under way.

SPARKMAN VIEW

"I think it sharpens the focus on moves to bring nuclear weapons under some kind of control and to forestall their further proliferation," Sparkman told reporters.

He said it is only a matter of time before Red China develops an atomic bomb and "it will be only a matter of time before they have a deliverable weapon."

JOHN F. HARRIS
Next Ross Chief

John Harris Named Ross Police Chief

John Franklin Harris will step up from assistant chief to chief of the Ross police force on retirement of longtime Chief Joseph J. Regoni in August.

The Ross Town Council last night adopted a resolution naming the 33-year-old assistant chief as Regoni's successor.

Night Patrolman Albert J. Mendoza will be promoted to assistant chief.

Chief Regoni, 63, went on the town payroll Feb. 4, 1930, as assistant police chief and superintendent of streets for a community of 825 souls. Today, Ross has a three-man police force for a population of about 2,600.

Regoni was appointed chief of a two-man force in 1937. He still serves as town building inspector and general factotum of civic works.

Harris joined the force Feb. 8, 1962, after seven years as a deputy in the Marin County sheriff's office. The future chief has lived in Marin County since 1946, and is a veteran of World War Two Navy service in the South Pacific.

Mendoza was hired when the department expanded to three men in July, 1962. He had been a sergeant and a three-year veteran on the Belvedere police force.

Junta Threatens To Bomb Holdouts

COMBINED AP & UPI

SANTO DOMINGO—With two junta planes circling overhead, the chief of the Domincan junta's armed forces warned today that rebel holdouts in Santo Domingo will be bombed again "if the situation warrants it."

Gen. Francisco J. Rivera Caminero, armed forces secretary, said he personally ordered yesterday's strafing attacks on the rebel radio station. As he spoke two junta planes circled downtown Santo Domingo.

There was no immediate word that planes again had gone into action against rebels as they did yesterday, when about six aircraft made strafing runs that knocked out rebel radio installations and caused at least one death.

Rivera Caminero said the attack was ordered because rebels were repeatedly violating the cease - fire agreement by broadcasting propaganda inciting the population to violence and also by attacking the junta transport center north of the east-west corridor controlled by the United States.

It was learned from a high authority that Brig. Gen. Elias Wessin y Wessin has been stripped of all authority in the Dominican armed forces except for his post as commandant of the armed forces training center at Sanisidro Air Base.

Both the United States and the Dominican rebels had charged the junta forces with breaking the cease-fire by the radio station bombing.

Two paratroopers were reported wounded today by sniper fire in a sharp stepup of rebel armed action against American troops.

A spokesman reported 35 attacks on American positions yesterday, about double the previous daily average. He said the rebels brought 81mm mortars into action against U.S. troops for the first time.

The paratroopers were wounded last night by small arms sniper fire within the 82nd Airborne Division perimeter. Harassment of American positions included single shots from small arms interspersed with some automatic weapons fire and short machinegun bursts.

The rebels fired six rounds of 81mm mortar fire on two different U.S. positions yesterday, according to the spokesman. He said four rounds were fired one time and two rounds the next. The two incidents were 55 minutes apart.

In Washington, it was reported Troops from two Latin American countries were due to begin arriving in the Dominican Republic today to form the vanguard of a proposed hemisphere peace force.

According to the Organization of American States (OAS), which announced plans yesterday to move the first contingents into the Caribbean country, the troops would include 250 soldiers from Honduras and 20 policemen from Costa Rica, which has no army.

The Honduran troops were understood to be largely providing their own transportation.

Cease-Fire Asked By U.N. Council

UNITED NATIONS, N.Y. (AP)—The U.N. Security Council called unanimously today for a cease-fire in the Dominican Republic and asked Secretary-General U Thant to send a personal representative to the strifetorn country.

The vote came immediately after Jordan, Ivory Coast and Malaysia laid the proposal before the 11-nation council, which had been called into urgent session to deal with the latest violence in the Dominican Republic.

The secretary-general said he intended to move quickly to carry out the mandate. He added that he expects full cooperation from all concerned and that he will keep the council fully informed.

The session was called at the request of the rebel Dominican regime, which declared that Santo Domingo faced immediate risk of destruction. The rebel regime asked for the personal intervention of the secretary-general.

The government of Col. Francisco Caamano Deno declared that the Organization of American States was unable to handle the situation following a bombing of a rebel radio station yesterday by Dominican air force planes.

The U.N. Security Council was called into urgent session this morning to consider the communication, which was signed by Jottin Cury, foreign minister of the rebel regime.

Pouch With $2,750 Taken At Valhalla

Someone stole a cloth money pouch yesterday from the top of an office safe at Sally Stanford's Valhalla Inn in Sausalito, moments before an armored courier service was to pick it up.

Missing, said Miss Stanford (Mrs. Marsha Owen), was a day's receipts from wine, bar and dining room—about $2,750 in currency.

"We are contacting everyone known to have been in the area at the time," Police Lt. Ted Zink said today. At the time of the theft the restaurant at 201 Bridgeway was "over-run with workers," he reported.

The theft occurred between 3:35 and 3:50 p.m. It was reported to police at 3:55 p.m. by Mrs. Shirley Goldberg, 24, of Sausalito.

Mrs. Goldberg, assistant manager, was in another part of the restaurant when the pouch disappeared. Loomis Armored Car Service Inc. was to pick up the pouch, marked "Valhalla," but was reported to be late.

The office was unlocked, as were two office windows, reported Mrs. Owen.

Mrs. Owen, who is recuperating from a heart attack but is back at work, was prey for several would-be burglars at her Pacific Heights home in San Francisco April 6.

Police, tipped to the burglary plot, set a trap. Five men, including two San Francisco policemen, were indicted on charges connected with the burglary.

Brown's Budget Man In Assembly Angry

SACRAMENTO (UPI) — An Angry Democratic assemblyman, picked by Gov. Edmund G. Brown to sponsor his $375 million tax program in the legislature, today said he intended to "erase it from the record."

Assemblymán Alfred E. Alquist, D-San Jose, said he was upset because he had not received advance notice of the governor's sudden announcement yesterday that rising state revenue had reduced the need for new taxes.

Alquist said he had written the governor "telling him it is my intention to strike the bills from the file. I want to erase them from the record."

Alquist said he had not yet heard from the governor.

Finance Director Hale Champion, however, said he talked with Alquist this morning and scheduled a meeting between the assemblyman and Brown for Saturday. Champion said Alquist was willing to let the governor "convince him" of the need for the legislation.

Alquist is vice chairman of the Assembly Revenue and Taxation Committee, which was to have been the first committee to consider the governor's measures.

The committee this week approved a $393 million annual tax boost sponsored by Speaker Jesse M. Unruh, D-Inglewood, and Committee Chairman Nicholas C. Petris, D-Oakland.

Only hours before the committee convened, Brown revealed that the state could balance his $4 billion-plus budget with a 5-cent-a-pack boost in cigarette taxes and a 20 per cent tobacco tax. Unruh replied that "the time now is ripe to reform the tax structure of this state."

Among bills Alquist said he was dropping was the bill to enact a cigarette and tobacco tax.

PREY ON TROUT

Boys Spot Death-Dealing Lampreys In State Park

Lagunitas School seventh grade pupils Mark Peacock of Woodacre and Ricky Tureman of Forest Knolls, spotted two blood-sucking, eel-like lampreys yesterday on a class field trip to Sampel P. Taylor State Park.

The 13-year-old boys' classmates thought the lampreys either were sticks about an inch in diameter, or perhaps trout. But Peacock and Tureman correctly identified them in their science notebooks as "Specimen: Lamprey, generad lampetra; location: Papermill Creek."

State Game Warden Albert F. Giddings Jr. was not happy about the discovery. He said few Marin County residents know that the slender fish leave the ocean each spring to try to spawn in the county's lakes and streams—and frequently kill or scar trout or other fish by sucking their blood.

In 1954, "they just about depopulated Kent Lake of trout . . . what few were caught had lamprey teethmarks on them," Giddings recalled.

He said that the eel-like parasites had to negotiate 170 feet of concrete spillway and elude the shotgun blasts of watching conservationists to get to the lake where female lampreys each deposited up to 200,000 eggs in the gravel shores.

Giddings urged that any lampreys seen be killed.

Marin City Girl Strikes Teacher

A Marin City girl was taken into police custody this afternoon after she allegedly struck Mrs. Phyllis Betow, home economics teacher at Richardson Bay School, Sausalito.

The school nurse examined Mrs. Betow and said there was no apparent injury but a doctor was called.

Principal Robert D. Thomson said that a misunderstanding developed between the pupil, 13 or 14 years of age. The girl used profanity and then hit the teacher.

Teachers 'Boycott'

SOUTH BEND, Ind. ¾—Striking teachers defied a discharge threat today and voted 322-13 to continue their "boycott" of this city's public schools for the fourth successive day.

Reporting Fire May Become State Law

SACRAMENTO (AP) — Occupants of hotels, motels and rooming houses who spot a fire in their building but fail to report it could be charged with a misdemeanor under a bill unanimously passed today by the Assembly.

'Fair' Is Word For Weekend Weather

SAN FRANCISCO (AP) — The forecast is for fair weather in Northern and Central California through tomorrow, and probably on Sunday.

There is a rising temperature trend. Fog began to clear from the north coast but high fog was noted near the central and southern coast.

WEATHER

Bay Area: Fair through tomorrow except night and morning high fog near coast.

Sierra Nevada: Fair and warmer tomorrow.

OKLAHOMA CITY, Okla. (AP)—Gov. Henry Bellmon began looking today for a replacement for a State Supreme Court justice found guilty of accepting bribery money and ousted from the office he held for 16 years.

Despite the improvement, Fowler said yesterday this should not be intrepreted as indicating the battle has been won.

Said Fowler: "Our balanc-of-payments deficit did not develop overnight and we don't expect to be able to solve it overnight."

Savio Tells Of Becoming FSM Leader

BERKELEY (AP) — Former University of California student leader Mario Savio took is turn yesterday testifying at the trial of sit-in demonstrators he had led.

Twisting a shoe string, Savio told how he became involved in a series of demonstrations on the Berkeley campus last fall which resulted in nearly 200 arrests.

The 22-year-old Savio, recently resigned leader of the campus' Free Speech Movement, was the same—except for the absence of his firebrand method of speaking. The FSM disbanded after his resignation.

He is one of 155 students and non-students on trial for various charges stemming from the Dec. 2-3 sit-in at Sproul Hall. The FSM staged the massive demonstration to back demands for freedom of political advocacy on campus.

Stuttering at times, Savio said it all began during a "long hot summer" in Mississippi in 1964.

"I was working in voter registration drives for Negroes and teaching in freedom schools," he told Municipal Judge Rupert Crittenden.

He returned to Berkeley last September with a desire to continue his work. He was named chairman of the University Friends of the Student Non-Violent Coordinating Committee.

Savio said he made his first campus speech Sept. 30, attacking university president Clark Kerr.

Almost overnight, Savio became the unchallenged leader of the FSM group.

Witness Describes Twin's Bleeding On Bed, Death

PASADENA (AP)—Jurors in the murder trial of Tim Nicholson have heard a graphic description of the death of Tim's 22-year-old twin brother, Todd, from a witness who lived in the same building.

The testimony yesterday by Paul Marion Scott came before the trial—now in its second week—was recessed until Monday.

Scott is a tenant in a lavish apartment building owned by the Nicholson twins, heirs to the Cudahy meat packing and Pullman sleeping car fortunes.

Tim is accused of murder in the gunshot death of his brother last Dec. 7.

Scott said he saw one of the twins leave their apartment and run toward the quarters of the building manager, Shuey Greenberg.

Later, the witness said, Greenberg came out and called: "Will you go in with me? Tim just shot Todd."

Scott said they found Todd on a bed, and—

"Mr. Greenberg said 'He's bleeding on the bed. Let me get a cloth to put under his head.'

"I heard a sort of gurgle, like air coming out. Mr. Greenberg felt his arm, trying to take a pulse. Mr. Greenberg evidently didn't find any pulse because he shook his head.

"Mr. Greenberg said, 'Oh, no!'"

Scott said that Greenberg moved a 22-caliber rifle from one place to another twice.

This was the rifle that witnesses have described as the death weapon.

Lettuce Workers Head For Fields For Easier Pickings, More Money

SALINAS (AP)—While strawberry growers raise a furor over the absence this year of Mexican farm laborers, lettuce growers in the Salinas Valley are producing a banner crop.

Lettuce shipments so far this season have more than doubled over last year. This has been accomplished with a smaller work force.

Strawberry shipments, however, have dropped to 190.4 carlot equivalents compared with 229.1 at this time a year ago.

Four times as many domestic workers have flocked to the lettuce fields as in 1964.

Although there are 1,900 more domestic workers in the valley this year, the total labor force is down from last year. Only a few foreign laborers are working the crops instead of the 4,700 a year ago.

New jobs for domestic labor were created when an almost unlimited supply of foreign labor, mainly Mexican, was cut off by the expiration of Public Law 78 on Dec. 31.

Encouraging domestic labor to fill the vacancies has been an increase in the basic hourly wage to $1.40 from last year's $1.05. Piece work rates, where the experienced hand makes his money, also are up.

The strawberry business has been hardest hit by the end of the bracero program, the lettuce business almost unaffected.

Piece work rates are 32 cents a carton for lettuce. It takes 24 large heads to fill a carton. Strawberries are 75 cents a crate.

Strawberry pickers cannot match the average $2 an hour that lettuce cutters and packers are making in the field now. Lettuce work is a team job and a good veteran team can make $25 a day or more per man.

SHE DOESN'T COLLECT

Woman, 95, Will Open Social Security Office

Marin's new social security district office at 1245 Fourth Street, San Rafael, will officially be opened Tuesday noon by a 95-year-old San Rafael woman who does not collect social security.

Johanna A. Mathiason, a resident of Aldersly Danish Home, will cut a ribbon opening the office. Her daughter-in-law, Mrs. Geneva Mathiason, is executive director of the National Council on the Aging in New York City.

Mrs. Mathiason was scheduled to be joined in the ceremony by retired Army Col. Arthur H. Conley of 975 Meadowsweet Drive, Corte Madera, the only Marin resident to receive a social security check when they were first issued in January, 1940.

Colonel Conley slipped and fell recently, however, and will be unable to attend the ceremony.

Mrs. Mathiason will be presented an armful of roses at the ceremony by Jo Ann Peterson and Daniel Weiss, representing the Junior High Youth Club of the San Rafael Recreation Center.

Following the ceremonial opening of the office, which was postponed two months to coincide with Senior Citizens Month in Marin, the office staff will hold an open house.

School Psychologists Elect President

Dr. Grace G. Cox, Tamalpais High School District psychologist, has been elected president of the Marin School Psychologists for 1965-66.

Jack Danielson of the Dixie School District was named vice president and Gail Cox of Reed District, secretary. The group includes psychologists, guidance consultants, and psychology interns in Marin County schools.

Peace Corps Teaching Plan Approved In State Schools

LOS ANGELES AP) — The State Board of Education now recognizes two years of Peace Corps teaching as the substitute for practice teaching and professional course work normally required for a teaching credential.

The board yesterday approved a regulation that would allow Peace Corps veterans with at least a bachelor's degree to begin teaching immediately.

The teachers then would have five years to make up additional academic requirements.

Board members agreed with Gov. Edmund G. Brown that such a regulation will allow the veterans to bring to California schools a unique experience, especially in the area of culturally disadvantaged children.

In other action yesterday the board promised to assign a committee to study the status of educational programs within the field of art and music at the state's elementary and high schools.

The board took the action after hearing a report by Leven C. Leatherbury, president of the California Art Education Association, who maintained that the "indefinite status of art...one about which we cannot be complacent."

He said most high schools do not list art courses as a requirement for graduation, and both elementary and high schools generally lack adequate equipment, facilities, supplies and teachers with sufficient preparation for art instruction.

The board lamented a general lack of art appreciation, which members said was evident in the design of many freeways and "squat, square, ugly stores."

Trustees said the review committee would consider 10 recommendations of the Art Education Association.

Problems Of Novato, County Get Airing

Problems of the City of Novato and County of Marin were discussed last night at the Novato Democratic Club meeting at the Lodge, by Mayor Robert D. Carrow and County Supervisor William A. Gnoss.

Carrow said parks and a civic center have top priority with the city. He called the civic center most important because the city either must obtain a site in the next two or three years or see a civic center idea disappear.

Novato is having difficulty annexing such areas as Loma Verde because they are receiving city-type services from the county without paying for them.

Gnoss said that one of the first needs of the county is to combine some of the special districts. He predicted that one day there would be one city-county government in Marin County, but not in the foreseeable future.

He urged the passage of the bonds for the Civic Center at the June 8 special election. He said that if the second phase of the Civic Center was constructed on a pay-as-you-go basis, it would be delayed five years.

The club voted unanimously to support the bond issue.

Two Convicts Escape, Then Are Captured

Two convicts escaped from a state prison camp in Mendocino County last night but were recaptured at 9:30 a.m. today near Fort Bragg. They were to be brought to San Quentin Prison later today.

Robert C. Loriano, officer of the day at San Quentin, said the escapees were Darrell Lee Barber, 29 and Ynocensio Navarro, 39, both originally sentenced from Los Angeles County. They were reported missing at the 10:40 p.m. bed check yesterday from the prison's Parlin Fork conservation camp.

Found today by state correction system guards and division of forestry workers, the two apparently did not steal any car or clothing in trying to flee, Loriano said. Both will be prosecuted in Mendocino County of escape charges, he said.

Barber has been in and out of prison since 1956 on forgery and parole violations. Navarro began serving a five-year to life sentence in 1946, plus later concurrent terms for assult in prison, parole violation, possession of narcotics and other counts, Loriano said.

Body Identified As John Hassett

The body of John J. Hassett, 22, son of a Mill Valley woman, has been identified four weeks after it washed up at San Gregorio on the San Mateo County coast.

Hassett got into a rowboat at the Sausalito Yacht Harbor on March 27. He was not seen alive again.

San Mateo County Coroner Paul Jensen said identification was made when Hassett's sister, Mrs. Pat Boler of San Francisco, recognized a tattered turtleneck sweater as that of her brother.

Son of Mrs. Julia Mortimore of 5 Manor Terrace, Mill Valley, he was a graduate of Marin Catholic High School. He was discharged from the Coast Guard shortly before he disappeared.

Youth Bound Over On Escape Charge

Judge Joseph G. Wilson of Marin Municipal Court yesterday bound James A. Sprague, 20, over to Marin Superior Court in a preliminary hearing on an escape charge.

Sprague, serving time for the $400 robbery on Nov. 22 of John H. Weisner, bartender at the 881 Club at 881 Fourth Street, San Rafael, fled from a jailer at county jail May 5. He was recaptured minutes later.

Marines Called U.S. Trouble Shooting Unit

The Marine Corps is the trouble shooting branch of the armed services in peace time, Maj. Gen. Robert E. Cushman Jr., commander of the Marine Corps base at Camp Pendleton, yesterday told the second annual Armed Forces Day luncheon at Nero's Restaurant in Novato.

Approximately 100 people attended the luncheon, was sponsored by the Novato Chamber of Commerce, service clubs and veterans organizations.

General Cushman used the dispatch of Marine to the Dominican Republic as an example of how the Marine Corps is always ready to go into action at any time any place.

Customer Sues San Rafael Tavern

A $25,000 damage suit for an alleged assault was filed today against Scottish Club, Inc., San Rafael, and bartender Ernest Eddy by Ira G. Trimble, 26.

Trimble, of 514 C Street, San Rafael, alleges he was a customer in the tavern at 804 Fourth Street, San Rafael, on April 25 when Eddy struck him near the right eye.

Bolinas Group Seeks Lagoon Development

Bolinas Harbor District commissioners last night agreed to a statement of policy and to support a legal opinion of the State Lands Commission that it can proceed with development of Bolinas Lagoon as a harbor.

The policy statement is to be presented to the county board of supervisors Tuesday.

The legal opinion states the commission may rightfully go ahead with harbor development with cooperation of the county planning commission.

Commissioners have been in dispute with the county planning department over "open area" zoning of some lands included in the harbor development plan.

Dr. Knox Finley, one of the owners of Bahia Baulines, told the commission his company is ready to proceed with the first program of its contract to provide a double launching ramp with paved parking areas for 20 cars and their trailers.

Board president Clyde W. King said that the development company's lease from the harbor district is one of nine points being made to the supervisors backing the policy statement. The board also cites a feasibility study completed by district engineers and submitted to the Army Corps of Engineers and the California State Small Craft and Harbors Commission.

It cites also a completed lease with the Audubon Society allowing that organization use of 40 per cent of district lands and showing evidence of the commission's willingness to work with naturalists and the society.

Man In Hurry Rolls Car, Then Runs On Foot

A young, blond man in a hurry seemed to have a great deal of trouble driving his car yesterday in Mill Valley.

At 11:55 a.m. Arthur Wasser reported to police the youth had just driven over some plants in his garden at 301 Oakdale Avenue.

Then he backed off and sped away to Circle Avenue. Approaching the intersection of Buena Vista Avenue, the car rolled over and he fled on foot.

Police checked the 1952 black Studebaker and found it to have a 1956 California license plate on front and a stolen license plate with a 1965 sticker on the rear.

Wounded Youth To Be Released

A 19-year-old youth shot May 3 while attempting to evade a San Rafael police officer was ordered released on his own recognizance by Judge Leonard A. Thomas of Marin Municipal Court yesterday.

The youth, Timothy Vincent Ferranti of Redwood City, is in San Rafael General Hospital. Bail was $1,100 and sheriff's officers had to maintain a special 24-hour watch on him.

Ferranti, charged with felony auto theft, was struck in the lower left chest by a shot fired by Sgt. James W. Carlton. He is to appear for arraignment on release from the hospital.

May In Marin Art Show Slated

More than 50 artists and craftsmen from the Artists Guild of San Francisco will display 300 paintings and other art forms, according to Richard Silvey, chairman of the chamber's merchants committee. Many of San Anselmo's businesses will be open Sunday, he said.

Electricians Due $243 A Week In '67

SAN FRANCISCO (AP) — Construction electricians in San Francisco will be paid $243.05 for a 35-hour week by 1967 under a new three-year contract.

The agreement, reported Thursday, involves 1,400 electricians employed by members of the Electrical Contractors Association.

The pact negotiated by Local 6 of the International Brotherhood of Electrical Workers, AFL - CIO, provides for $45.71 now for an 8-hour day, $45.74 for a 7½ - hour day starting June 1, $45.81 for a 7-hour day beginning June 1, 1966, and $48.61 for a 7-hour day starting June 1, 1967.

William Reedy, business manager of the local, described it as a major breakthrough in Far West negotiations for a shorter work week. "It was designed to help reverse the unemployment situation by spreading the hours."

physicist who worked on the original U.S. A-bomb, speculated that the second Chinese shot may have involved a device dropped from an airplane to demonstrate deliverability. The first one is believed to have been detonated on a tower.

Sen. Joseph S. Clark, D-Pa., another Foreign Relations Committee member, said:

"This was not unexpected. They still are some years away from becoming an effective nuclear power but this emphasizes again that time is running out on us in which to obtain an international agreement to eliminate nuclear weapons and negotiate general and complete disarmament."

The United States is expected to give assurances to Asian allies that the Chinese nuclear testing has been fully considered by U.S. military planners and that American defense commitments in Asia will be fully carried out.

U.S. officials said the Atomic Energy Commission will investigate the degree of sophistication of the latest Chinese device by means of samplings from the atmospheric fallout. This normally requires about a week.

southwest of Saigon included capture of 53 guerrillas along with a big cache of weapons—most of them made in Communist China and the Soviet Union.

Four Americans were wounded. The pilot and co-pilot of two separate helicopters were struck by fragments of plexiglass when Viet Cong bullets ripped through their windshields. Two military advisers on the ground were hit, and one was reported in serious condition.

Vietnamese casualties were placed at 18 killed and 77 wounded.

The fighting involved more than 500 South Vietnamese soldiers and elements of a Viet Cong battalion in Mekong Delta paddy fields about 100 miles southwest of Saigon.

The Viet Cong concentration was spotted by the pilot of a U.S. Army reconnaissance plane yesterday and the government forces were airlifted into action by helicopters.

Ex-Model Sues Over 'Arrest'

A former model from Novato today filed a $5,000 suit against that city and one of its policeman for the humiliation she endured in an alleged false arrest.

Frances Miriam Smith, 26, of 1117 Second Street, charges in Marin Superior Court that she was maliciously and illegally arrested by Officer W. M. Cann of Novato police Department on April 24, and was then booked in county jail for indecent exposure and disorderly conduct.

Officers Cann said the woman, carrying a paper bag containing six newborn kittens, approached him on Grant Avenue and asked for a dime to make a phone call. She was wearing only a red and grey shirt and black panties, he said, and gave him a false name and address.

Mrs. Smith's suit alleges she was not indecently clad, and that she was carrying the kittens "in the usual manner." Destination of the latter was not determined by the officer.

No complaint was filed against Mrs. Smith and she was released. She is represented by T. G. Fitzgerald, San Rafael attorney.

BURTON GREEN

BEVERLY HILLS (AP)—Burton E. Green, builder of an early-day oil empire and founder of Beverly Hills, is dead at 96.

Green, who turned a virtual wasteland into a city of curving, tree-lined streets and fashionable shops, died at his estate here yesterday.

The site of this present city was a non-existent town called "Morocco" when the Rodeo Land and Water Co. acquired title to the old Spanish land grant in 1906. Sheep grazed in the area, and there were a few bean patches and dry oil wells.

Green, president of the land company, became the architect of Beverly Hills. He selected the name after reading that President William Howard Taft was visiting in Beverly Farms, Mass.

He was a founder of the Green and Whittier Oil Co., which pioneered the Bakersfield and Coalinga fields. In 1902 the firm merged with two others to become the Associated Oil Co.

Nine years later he and his associates formed the Belridge Oil Co., and the Belridge leases in Kern County became one of the most productive fields in the state.

Green was born in Middleton, Wis. He moved to California with his family in 1886.

In 1903 he married Lilian Wellborn, the daughter of a federal judge. For 50 years the Greens were active in the cultural and social life of Beverly Hills, Los Angeles and Pasadena.

Mrs. Green died in 1957.

OLD STORY WITH A NEW LINE

The first three grades of all Philadelphia elementary schools will start reading in September from a book that contains illustrations of both Negro and white children and adults. This is a page from the reader, showing the new look. But the text is an old one, using the "look-say" method. The program, announced yesterday, was prepared to give a "more realistical portrayal of the multi-ethnic nature of America," according to Scott Foresman and Co., publishers.

Reservists Feud Appears Near End

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara and Rep. F. Edward Hebert today announced plans for a joint news conference, giving rise to speculation they may have settled their feud over the proposed merger of the Army reserves and National Guard.

The Defense Department announced the news conference, to be held tomorrow in the new Rayburn House Office Building, in a two-paragraph statement.

Other than identifying Hebert as chairman of a House armed services subcommittee that has been studying McNamara's proposed "reserve realignment," the announcement gave no hint of what would be discussed.

It was presumed, however, that some sort of a compromise settlement to the dispute would be announced. There have been private conversations between the two sides during the past few weeks and they may have borne results.

McNamara's controversial plan has caused an uproar of congressional criticism.

Scheduled to start going into effect July 1, it would, for all practical purposes, abolish the 268,000-man Army reserve. The Guard, now at a 400,000-man level, would be increased to 550,000.

The hearings by Hebert's subcommittee have been running on and off for more than two months. Everyone on both sides has been heard except McNamara.

Nixon Notes Dangers In Viet Settlement

MIAMI BEACH, Fla. (AP)—Former Vice President Richard M. Nixon says "the greatest danger in Viet Nam and the Dominican Republic is to negotiate any settlement that provides rewards for aggression."

Addressing the 59th annual convention of the Boys' Club of America yesterday, Nixon defended President Johnson's policy in Asia and the Caribbean. He said, however, that he wished the president would do a better job of selling his policies abroad.

Tornado Rips Wide Area In Wichita

By U. P. INTERNATIONAL

Tornadoes were forecast today for Dallas and Fort Worth, Tex., and central Kansas where a twister whipped a 10-block section of Wichita last night, injuring at least seven persons.

Thunderstorms raked Dallas and Fort Worth today and the weather bureau warned tornadoes could be expected in a broad band stretching across the state's central portion. Six or more tornadoes were seen in western Texas last night.

Other twistes destroyed several buildings in western Oklahoma and dipped down in the Nebraska Panhandle. No injuries were reported.

The Wichita wind funnel tipped two trailers in a mobile home court, ripped the roof of a school, smashed windows and tore roofs from several homes and damaged a tavern. The tornado hit during a downpour which dumped nearly two inches of rain in six hours.

A 76-year-old man suffered a critical stroke rushing to a storm cellar. Two residents of overturned trailers and a third person were reported in fair condition today. Three other persons were treated for cuts.

The barbecue will be held from 11 a.m. to 6 p.m.

Three bands will play throughout the day, the Jesters from 11 a.m. to 1 p.m; the Trolls from 1 to 3:30 p.m. and the Panics from 3:30 to 6 p.m.

Much of the food being sold at the festival has been donated by Mill Valley merchants. All help is volunteer and all proceeds will be used toward completion of the community and youth center building, now under construction.

Development Group Backs Center Bonds

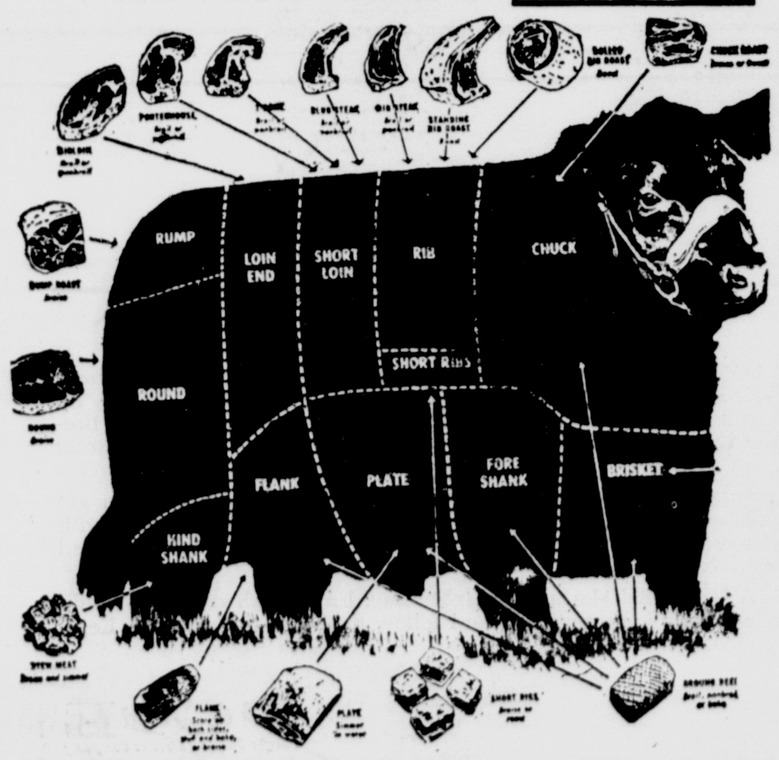

The executive committee of the Marin County Development Assn. yesterday endorse passage of the $7,750,000 bond issue for the Civic Center hall of justice which will be put before voters June 8.

Association manager Carroll A. Snyker said the group backed the proposal on the basis that "the structure needs to be built" and that bonding would be better than a pay-as-you-go plan.

College Of Marin Budget Hike Seen

A tentative budget of $3,181,180 for the 1966 fiscal year was handed to the Marin Junior College District Board last night.

The figure was $338,755 higher than the budget for the current fiscal year but included no funds for salary hikes.

College President Stephen E. Epler estimated $69,531 in reserve would allow for an average 3.46 per cent salary increase for all employee groups. However an employee health plan recommended by the administration, an average increase of only 2.57 per cent would be possible, he said.

Pay raises recommended by the faculty salary committee would cost $107,085 beyond expected income and reserves, Epler told the board.

The budget included an additional 13½ teachers and two counselors to cope with expected enrollment of 3,583 full and part-time students in September. Enrollment last fall was 3,131.

Cost of instruction, $1,825,386, comprise the largest budget allocation.

Income is expected to be increased for the district by $502,875, Epler said, but the district will start the fiscal year July 1 with $164,120 less than it did last July.

Requests by department heads that $168,876 be spent on supplies were pared down to $101,617, but most of the money would come from the general fund rather than a special reserve for capital improvements.

By diverting some of these costs to the special fund, money might be available for pay raises but the college's building program might be slowed.

Requests for money for administration were cut from $110,588 to $100,940 in the tentative budget. Department heads' requests for money for teachers were pared from $1,058,951 to $890,159.

Expects costs of operation of campus buildings and grounds went up from $153,000 this year to $190,942, partly because of new buildings which have to be maintained.

Epler's recommendation for creation of two new jobs at the top level of administration at the college, presented to the board last week, was discussed and continued until a future budget session.

He recommended communications and behaviorial science be made departments under their own department heads the latter would include psychology, sociology and anthropology.

Two sessions devoted almost entirely to the budget will be held by the board next week. Trustees will meet at 7:30 p.m. on Wednesday and Thursday in room 24 of Harlan Hall. The regular Thursday meeting will begin at 8:30 p.m. to allow an hour for the budget session.

Record 2,500 Enrollment Expected At College In Fall

A record high enrollment of 2,500 full-time students is expected next fall at College of Marin, Irwin P. Diamond, dean of students, told the Marin Junior College District board last night.

The projected enrollment represents a 20 per cent increase in the student population on the Kentfield campus over last fall, he said.

Diamond reported 750 high school seniors have prepared their freshman programs with college counselors and approximately 250 more are to get programs by the end of the month.

He said 198 applications for admittance had been received from prospective transfer students and another 200 to 300 were expected.

Nearly 700 College of Marin students have preregistered for the fall semester.

The Marin Junior College District Board Also:

1. Hired Mrs. Rosalie M. Brown of Fairfax as a communications instructor at $6,450 annually, effective Sept. 1.

2. Accepted a recommendation of Roy G. Mikalson, acting dean of the evening college, to discontinue use of the Edex Communicator, a teaching machine and tester which was rented on a trial basis early this year.

3. Learned from Harry J. Pieper, head of the physical education department, that children under six years of age and youngsters less than four feet tall would not be allowed to swim in the college pool unless accompanied by a parent. He said regulations would bar all young non-swimmers from the pool unless a parent was with them in the water.

4. Approved submission of applications to continue five Vocational Education Act projects which are under way at the college this year. They are data processing computer and tabulating courses, temporary buildings for vocational-technical programs, a shorthand laboratory program and continuation of the position of vocational coordinator. The board also approved application for a $35,000 center for counseling and individualized instruction.

City Aide Convicted In Perjury

LOS ANGELES (AP) — Former Torrance City Manager Wade E. Peebles, convicted of perjury, is free on appeal bond after being sentenced to six months in the county jail.

Superior Judge Mark Brandler, who imposed the sentence yesterday, also placed the 44-year-old defendant on probation for three years. The judge described the sentence as punishment for Peebles and a deterrent to other public officials who might be tempted to violate their public trust.

Peebles was convicted on two counts of perjury by a jury April 2. The charges resulted from an investigation into alleged corruption in Torrance city government.

The former city official was accused of lying when he said a swimming pool given him by a contractor was a wedding gift and when he denied ordering police officers to follow City Councilman Robert B. Jahn until they could arrest him on some charge.

BAY FILL MEASURE GOES TO ASSEMBLY

Three Republicans, Including One From Region, Voted Against McAteer's Bill

SACRAMENTO (AP)—Sen. J. Eugene McAteer's bill to control the filling of San Francisco Bay, having cleared a major hurdle, is now in the hands of the Assembly.

After three months of debate, including three hotly contested hearings before the Senate Governmental Efficiency Committee and one airing in the Senate Finance Committee, it passed the upper house yesterday, 29 to 3.

Three Republicans voted against the bill—Sens. Clark L. Bradley of San Jose, Gordon Cologne of Indio and John Schmitz of Tustin.

Twenty-seven votes were needed to send the measure to the lower house since there was an appropriation included.

An outgrowth of a 1964 study by the San Francisco Bay Conservation Study Commission, the bill—supported by Gov. Brown—would establish an agency with 25 voting members empowered with veto authority over bay fill applications.

The agency, the San Francisco Bay Conservation and Development Commission, would continue until 1969 when it would make a final report to the legislature. The report would contain a comprehensive plan for the development of the bay's shoreline and recommendations on how to carry out the blueprint.

Projects started prior to passage of the legislation, however, would be allowed to continue.

Speaking to this point, McAteer said it was peculiar that more permits were requested from the U.S. Army Corps of Engineers in the past three months than had been asked for during the past three years.

"Now, all of a sudden, there's a great emergency" to build on the bay, McAteer declared.

The San Francisco Democrat warned that unless prompt action was taken on the bill, constant, haphazard filling would contribute to "destroying forever" the Bay's natural resources and would pollute the water itself.

Bradley, the only opponent to rise against the measure, said the bill would "subjugate" the power of county planning commissions.

The San Jose Republican asserted there was already enough regulation at the local level and that the commission's power over issuance of permits was too broad.

Jones Estate Goes To Family

LOS ANGELES (UPI) —Bandleader Spike Jones bequeathed the bulk of his estate to his widow, singer Helen Grayco, with the remainder going to three of his four children.

The will, filed for probate yesterday in Superior Court, did not discolse the exact worth of Jones' estate, listing it only in excess of $10,000 in accordance with California law.

Jones, who died May 1, stated in the will, dated Aug. 29, 1957, that 70 per cent of the estate was to go to Miss Grayco and 10 per cent was to go to each of his three children, Lindley, 15, Leslie, 13, and Linda Lee, 24, his daughter by a previous marriage. Another daughter, Gina Marie, 6, was born after the will was prepared.

Renovation Of Sewage System Due

Renovation of the Gallinas Village sewer system will begin in about three weeks with Kirkwood Bly, Inc., doing the work under a $373,816 contract.

The contract was awarded last night by directors of Las Gallinas Sanitary District, which has taken over the Gallinas Village system from the Service District.

The action came two days after dismissal of a lawsuit against Marin County and other defendents.

The sanitary district had withheld awarding the contract for fear that it might become party to the suit, which was brought because International Investment Corp. was prevented from developing its land through lack of sewers.

The sanitary district board also awarded a $33,337 contract to J and K Construction Co. for a Northgate North interception line, and a $33,100 contract to Kirkwood Bly for relocation of a nearby force main.

Directors established the job description for a district manager and set the salary at $10,000 a year minimum.

Mrs. Helen Foulkes secretary, was directed to find out how best to advertise for applicants.

Boiler Inspection Proposal Rejected

SACRAMENTO (AP) — The Assembly Ways and Means Committee has shut the valve on a bill requiring state inspection of low pressure boilers.

The group yesterday rejected the bill by Assemblyman John F. Foran, D-San Francisco. It would have cost about $2 million annually and required 233 new state inspectors.

Slum Children School Aid Gets A Boost

SACRAMENTO (AP) — Plans for millions of dollars in aid to help slum children learn to read moved ahead today in a legislature under increasing pressure by college professors demanding a pay raise.

Some 75 people—many of them professors wearing caps and gowns—met on the sunny Capitol steps yesterday to ask for higher academic salaries for the state colleges.

"The legislature is the servant of the people," said Prof. John Sperling, president of the San Jose State College council of the American Federation of Teachers, AFL-CIO, organizers of the demonstration.

"The people are not the servant of the legislature."

While they stood outside seeking a raise of at least 15.8 per cent, and carried their pleas to lawmakers' offices inside the building, legislators made other educational decisions that would cost millions.

They approved a series of bills aimed at children from slum homes, marked by poverty, lack of learning—and even a lack of conversation. Educators have found that when these children enter the first grade, they cannot learn to read as fast or as well as children from happier or more prosperous homes.

The Senate Finance Committee sent to the floor a measure by Sen. J. Eugene McAteer, D-San Francisco, aimed at reducing class size and setting up before and after school education programs for children from 3 to 18. The bill would bring in $73 million in federal funds over three years and cost the state $4 million.

Meanwhile, the Assembly Ways and Means Committee received two big reading improvement bills from the Education Committee. At the same time, Chairman Robert W. Crown, D-Alameda, announced that the Brown administration budget that would finance the programs will come up for a committee vote either next Thursday or Friday.

Henry's Ol' Place In Hub City May Have New Name By June 1

If transfer of the liquor license at **Henry's Ol' Place** in San Anselmo is approved this month, this restaurant should be operating under a new name by the first of June.

Prospective new owner is **Donald MacArthur** of Mill Valley, purchasing from **George Vidak**, who has other business interests in San Francisco. The sale is one of Harry Abras' transactions at Timmer Realty.

Don has been road manager for the **Kingston Trio** and is now settling down to a venture of his own. Once the transfer is approved, Henry's will close for about a week and reopen as **MacArthur's.**

As you might expect, it will have a Scotch flavor in operation and cuisine, even to the serving of a haggis, maybe. Plans now are to serve only dinners seven days a week from 5 p.m.

MID-DAY VISITORS to Point Reyes Station on Sundays looking for a place to eat will now find it at the **Parkway Cafe.** Previously this place was closed on Sundays. Closing day now is Tuesday.

The cafe has been sold by **Mr. and Mrs. Albert Schrock** to **Mrs. Bernice Stewart,** who has been in and out of the restaurant business most of her life. She and her husband recently moved to Point Reyes Station from Sonoma County.

Parkway will be open six days a week from 6 a.m. to 10 p.m. for breakfast, lunch and dinner. Specialties are country breakfast and fried chicken country style for dinner. Sandwiches and fountain service. Food is also prepared to take out—just about anything that is served at the tables.

The Schrocks are not moving away, but are retiring from the restaurant business, except for daughter **Gloria,** who is staying on at the restaurant for awhile.

IF YOU HAVEN'T been aware of the absence of chef and co-owner **Roger Poli** from **La Petite Auberge** recently, that's a tribute to the kitchen operation and to Roger's next in command **Bernard Epstein,** who was skill must be recognized. You might think that most anyone can cook a rack of lamb like that, but I have found out differently.

Roger, vacationing in France, will be back next month.

Another substitution here is accordionist **Ken Judnick** for **Al Stone** who is still in Australia. Judnick must be acknowledged for excellent background music and attention to special requests during the dining hours. He's well liked by all customers.

Every time I visit, I am reminded that La Petite has become a sort of yardstick for measuring Marin restaurant success. This is not to say it is the only restaurant that ever succeeded here. But its acceptance by diners-out was so wholehearted almost from the beginning, more than one restaurateur has looked upon it as a prototype of popular food service.

Aye-there's the rub. A carbon copy never quite comes up to the original, and if you change the formula, even a little - the missing ingredient may be one that counts.

FIRST RESTAURANT FASHION SHOW at Northgate Unit Two was held this afternoon at the **Brothers 2.**

There propably will be another one next week during the grand opening Thursday through Sunday - perhaps two or three. **Mike Kutsuris** informs me **Al Collins** is due to appear during the celebration, and there will be other special offerings.

SCARCELY A WEEK goes by that someone doesn't tell me he's discovered a new restaurant out in Lagunitas that serves the most wonderful Swedish food. . .

That, of course, is the **Old Viking** of **Matts and Phyllis Mattsson,** and it has been open about four months. Recently the Mattssons have thrown open another room. They can handle more people now, though it's still a tiny place.

I agree on the food.

LE CHALET BASQUE in Santa Venetia reopened a week ago and had a record Mother's Day weekend. Apparently there's still some work to be done on the windows, otherwise it is virtually completed.

There's a banquet room now in case you want to throw a party.

TO ANSWER an often repeated question: That place in Santa Rosa I mentioned several weeks ago is Mark West Lodge.

Take Highway 101 to about four miles north of Santa Rosa and look for the sign indicating Mark West Road on the right. Follow it for approximately six miles and you'll come to a huge arbor and grapevine across the road. That's it, sprouting leaves now, no doubt. Good French dinners.

IF SABELLA'S CONTEST for the "Biggest Fish story ever told" this month develops as much humorous material as was contained in letters recently written to the restaurant by youngsters who visited there during a bird sanctuary tour, there should be some excellent reading.

Unfortunately, the best of these letters is too long to publish here, and to edit it would be to spoil it.

Fish story contest ends May 31.

LAST DAY for entering the weight guessing contest at **Kappie's House of Sandwiches** in Tiburon is tomorrow. One must estimate the combined poundage of an oversized salami and loaf of bread.

But the biggest incentive for you to visit here is the food itself: meats from Chicago and breads from Los Angeles. Me? I go for the pastrami and Swiss cheese on Russian rye. Makes a full meal.

LOOK FOR MORE German dishes on the menu at **Cloud 5,** Novato soon. **Christine Bolton** is talking about hiring a new chef so fresh from Germany that he only sprechens zie Deutsch. But he has a fine restaurant background.

Work has not started on the proposed roof garden here, but during Western Weekend in Novato next month, tables will probably be set up in the yard. If this take hold, that may be the place they'll stay.

SHORT ORDERS. Original **Hick'ry Pit** opening in Strawberry Town and Country Village in June or July will be a barbecue and coffee shop operation. Seating capacity is about 180. That's quite large. . . There's dinner dancing both Friday and Saturday nights now at **Peacock Gap Country Club.** Make reservations for Saturday nights. . . I mentioned **Gregory's** Sunday fizz brunch last week, but if you want the one without the other, ask for a "Paradise Fizz."

In Italy, a country of 52 million population, only 900,000 women have drivers' licenses. More than half of these got their licenses in the last five years.

Actors Workshop Gets New Director

SAN FRANCISCO (AP)—The Actors Workshop of San Francisco has acquired a new director from New York to replace two directors lost this spring to New York's Lincoln Center Repertory Company.

"We will continue with the same sort of plays," said John Hancock, at a news conference yesterday, "but we are not going to attempt to imitate the former company. We also intend to eliminate the aggressive privacy of the old regime..."

Hancock, 26-year-old director of New York's Circle - in - the - Square Theater, succeeds Jules Irving and Herbert Blau.

Hamburger and CHAMPAGNE?

Well, not for *every*body.

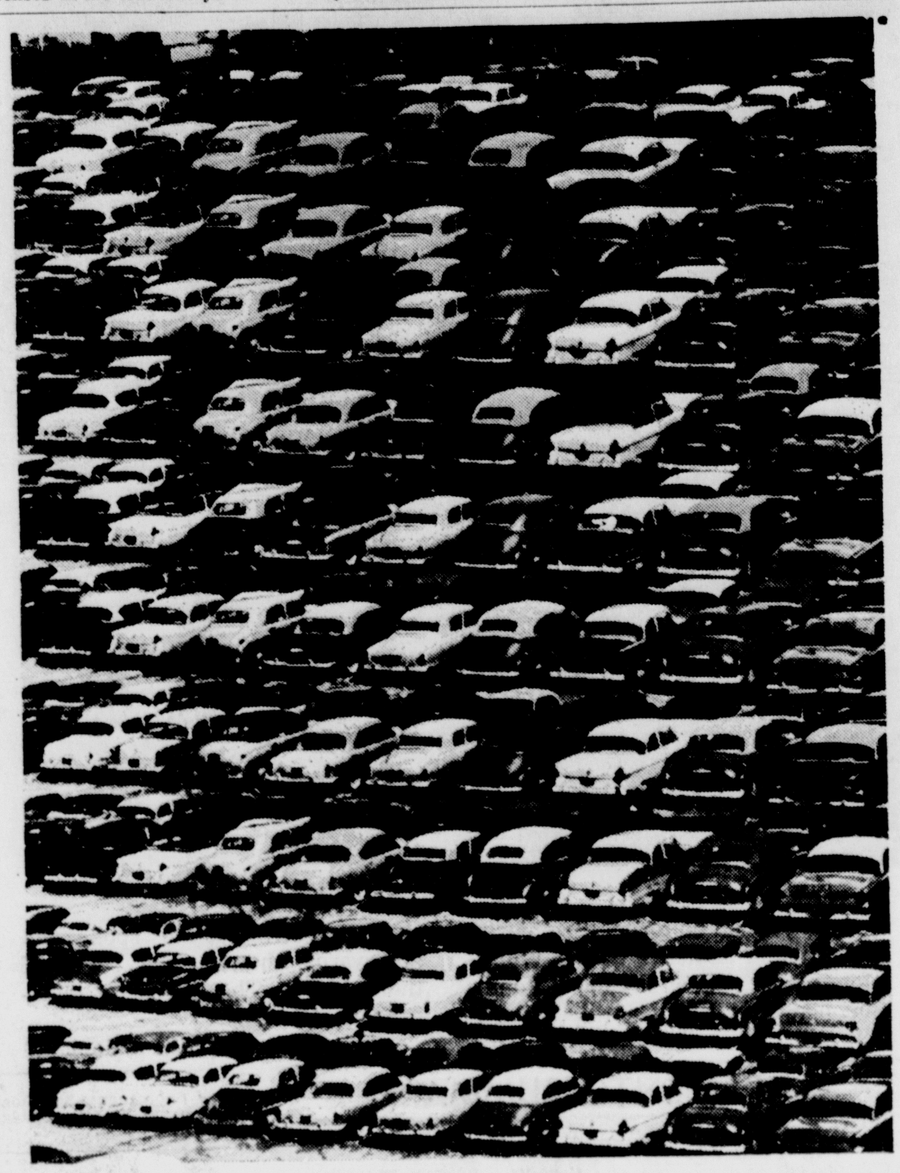

You have to be 21 and come over to Sam's in Tiburon to get it.

And, if you find fulfillment in the works of Edgar Guest, Paul Harvey, Daddy Warbucks, Jane Addams, Norman Rockwell, and Henry Doelger... you might prefer to stick with Sam's tried and true Burger & Beer.

But if a spark of the *bon vivant* burns in your soul, your taste will be abundantly rewarded with this bizarre combination.

Sam's Anchor Cafe has even bottled its own champagne for the occasion.

That would be Sam's in Tiburon.

EVEN WHEN IT LOOKS FULL

There's loads of room

Sometimes Dominic's huge parking lot looks pretty full. *Restaurant must be crowded?* Not so! Many times our 600 seat banquet room is booked for a private affair. Or our elegant new L'Escalier room upstairs is hosting a private party. But our spacious dining room is always eager to serve you. Park. Come in. Enjoy cocktails, fine wine, continental cuisine.

ENTER THIS CONTEST NOW!

YOU NEED NOT BE PRESENT TO WIN

All you have to do is write on a post card your name, address, town, phone and your guess as to the combined weight of the salami and the bread in pounds and ounces. Either mail or drop it off at our restaurant.

WINNER WILL RECEIVE 2 CHAMPAGNE STEAK DINNERS

Tha salami and bread are on display in our restaurant. All entries must be in our hands not later than May 15th.

Weighing ceremonies will be held Sunday, May 16 and winners announced.

Armed Forces Day To End In 'Blast'

A simulated atomic explosion, fly-bys of supersonic airplanes, model aircraft demonstrations, an Army paratroop jump and other displays are planned for Armed Forces Day starting at 9:30 a.m. tomorrow at Hamilton Air Force Base.

All events will be held at the flight line. Displays will be in Hangars 5 and 7.

Gates will open at 9 a.m. and guides will direct traffic to the flight line.

The first event will be a demonstration of radio-controlled model airplane flights. This will be followed by the 41st Air Rescue Squadron showing paramedic bundle drops, flare drops and short field landings in an Hu-16 Albatross.

Fly-bys of F-101 Fighters and C-113 cargo plans will follow. On the ground, the youth bugle and drill corps, sponsored by the Stockton Police Department, will perform.

Paratroopers of the 17th Special Forces group will make a jump onto the flight line just before noon.

An Air Force Sergeants Assn. talent show will be presented during the noon hour. It will be accompanied by the 573rd Air Force Band.

The afternoon program will be a repeat of the morning program, except for the climax at 5 p.m. when a simulated atomic explosion and cloud formation will close the program.

A special telephone booth will be provided for free local telephone service for visitors who wish to maintain contact with their home or business while attending the program.

Death Try Ends In Big Motel Blast

PALO ALTO (AP) — Police said 31-year-old Palo Alto man admitteedly bent on suicide set off a gas explosion which destroyed three rooms of a downtown motel and blasted him, naked, about 35 feet onto a driveway last night.

Spokesmen at Palo Alto-Stanford Hospital said that Thomas A. Brant, unmarried and unemployed, was in critical condition with burns.

They gave him only a slight chance to live.

Brant was quoted by Santa Clara County sheriff's deputy Tom Rhodes as saying he had unscrewed a jet from a gas heater mounted on the wall of his room in the Town House Motel.

"It was too slow and it wasn't doing the job," said Brant. "So I lit a match to see what would happen."

Other occupants of the 16-unit motel apparently were out of the blast area when the explosion struck during the dinner hour towards one end of the L-shaped frame structure.

There are more than 45 collectors of barbed wire in the United States. In 1941 there were only 13.

Jail Sentence Is Modified

A modification of jail sentence from 90 to 60 days was granted Donald B. Still, 38, yesterday in Marin Superior Court.

However, Judge Thomas F. Keating also imposed a $750 fine.

Still, of 53 Unionstone Drive, Marinwood, had pleaded no contest to a charge of manslaughter in the Aug. 24, 1964, traffic deaths of two women.

He requested the modification — which makes his release date next Wednesday — to accept a new sales territory in the Bakersfield - Fresno area. He has been on the county jail work furlough program.

The term reduction was recommended by the probation office. Deputy Dist. Atty. Gary Thomas said if the court was considering the cut, the fine should be imposed.

Still's attorney, W. O. Weissich, objected unsuccessfully that $750 was much higher than the usual ratio of $10 per day for jail time. Still is also on three years probation.

Yale and Harvard met in the first organized intercollegiate billiards match in 1860.

Bows And Arrows Stolen At School

A thief pried a hasp from the door of a storage shed at the rear of the Marin Country Day School at 5221 Paradise Drive and stole a supply of bows and arrows, school officials told Corte Madera police yesterday.

They said the theft could have occurred any time in the previous four days.

Art Insurance Hike Is Urged

LOS ANGELES (AP) — A sharp increase in insurance coverage for art works at the county's new Museum of Art has been requested by chief administrative officer Lindon S. Hollinger.

In a report yesterday to the County Board of Supervisors, Hollinger asked ratification of more extensive policies which went into effect on May 1.

Under the new policies, the county may take out coverage up to $20 million to protect paintings and art objects loaned for display. The previous limit was $7.5 million.

European White Birch

One of the most desirable "specimen trees" for a lawn area. Light color of foliage and trunk especially effective against background of darker greens. Graceful, delicate and lacy in appearance. Upright branching with weeping side branches. Try planting as a clump (3 trees in a hole) or, if you have the space, as a screen along the property line or driveway. Plant in irregular, "natural" intervals. White birch likes moist soil.

Flowering Japanese Plum

Graceful form, reddish-bronze leaves. In spring branches will be covered with pink or white blossoms before the leaves appear. Almost any soil condition will do. Lots of sunshine will ensure good leaf color.

Liquidambar

This is the tree that provides the exciting fall display of color from yellow to deep red even in the warmest areas. A beautifully formed tree that never looks "crowded." Use as a lawn tree, a street tree—or make a tall screen or line a driveway. Likes moist, rich soil. Withstands salt air extremely well.

What Is A Master Nursery Man?

A select group of independent nurserymen in Northern California have banded together to form the "Master Nurserymen Association." This association is made up of nurserymen with a proven background and knowledge of the nursery business and horticulture. They must have a top reputation for dependability, fairness and service to their own community.

They want people to know that when they go to a master nurseryman they can be sure of the advice and help they get and only the best plants and products to use.

These master nurserymen know what products work best for this area and in line with this they have developed the 49er Gold Strike products which meet the specific growing conditions in Northern California. These products are sold only through Master Nurserymen members. The gardening public can have complete trust and confidence in members of this association.

British Dedicate JFK Memorial At Western Freedom's Birthplace

RUNNYMEDE, England (UPI)—Queen Elzabeth II today dedicated a portion of this historic birthplace of Western freedom as a memorial to the late President John F. Kennedy. The acre of England will be American forever.

Mrs. Kennedy, moved to the edge of tears by the tributes to her slain husband, sat at the side of the queen in a silver gray chair as the monarch gave the American people a green hillside on this meadow where the Magna Carta, the first bill of rights, was signed 750 years ago.

"We wept at his death," said the Queen.

Mrs. Kennedy twisted her hands in her lap and stared out across to the River Thames which flows gently past this woodland and meadow in Surrey not far from London.

The Queen's speech, phrased with unusual emotion for her, marked the official opening of the memorial — a seven - ton monument of Portland stone bearing the credo by which the 35th President of the United States lived and died:

"Let every nation know that we shall pay any price, bear any burden, support any friend or oppose any foe, to assure the survival and success of liberty."

The memorial, in a setting of trees and grassy slopes, is surrounded by a paved terrace and two symbolic stone seats for contemplation.

Many of the great names of Britain and thousands of ordinary Britons and Americans attended the brief ceremonies in warm, bright sunshine on the soil where the British barons forced tyrant King John in 1215 to take the first steps toward democracy.

Mrs. Kennedy walked toward the memorial holding her children Caroline 7, and John F. Kennedy Jr., by the hand. The Queen's husband, Prince Philip, joined her and took young John's other hand.

Two of the President's brothers, Sens. Robert Kennedy of New York and Edward Kennedy of Massachusetts, walked behind them towards the temporary grandstand. There Mrs. Kennedy shook hands with the archbishop of Canterbury and with the three speakers, Prime Minister Harold Wilson, Former Prime Minister Harold Macmillan and Secretary of State Dean Rusk.

After an Irish Guard band played a number of marches, the Queen paused for a long moment before the monument which is inscribed:

"This acre of English ground was given to the United States of America by people of Britain in memory of John F. Kennedy, born 29 May 1917, President of the United States 1961-63, died by an assassin's hands 22 November 1963."

Beneath this is Kennedy's credo from his inaugural address.

The Queen went to her place and read slowly from her speech which told of the grief of the British at the dark deed in Dallas, Tex. Kennedy, she said, had brought new hope not only to Americans but to "all America's friends."

Ross Delays Vote To Join Flood Group

Ross Town Council heard County Supervisor Ernest N. Kettenhofen outline Corte Madera Creek flood control plans last night, then decided the project needs more study before voting on including Ross in a proposed project zone.

Also held over for further study was a proposal to improve the town's street lighting system. Pacific Gas and Electric Co. spokesman Frank Armstrong recommended replacing the town's system with mercury vapor lights, said to be cheaper to operate and maintain.

Councilmen Harry C. Scott and William Peter McAndrew were delegated to confer with Armstrong and Police Chief Joseph Regoni and report to the council next month.

The Ross Town Council last night also:

1. Agreed to take no stand on the Marin County Civic Center bond issue, despite an appeal by Asst. County Administrator John F. Barrows.
2. Agreed to take up in budget session a request by Mrs. Ellis Stephens for allocation of $550 to support the town's summer recreation program next year.
3. After imposing conditions that one taxi be available in Ross at all times, and a free telephone be installed at the bus stop, approved transfer of operations by the Yellow Cab Co. and J. C. Youngberg to San Rafael Taxi Cab Inc.
4. Refused to adopt a city ordinance banning vehicle operation on hiking and fire trails, on grounds that the city does not have enough of such trails to need the ban, which was imposed in unincorporated areas by the board of supervisors.

Tank Model Shown

NEW YORK (UPI) — A model of a World War I tank, treasured by Sir Winston Churchill who conceived the mobile armored unit that changed the concept of modern ground warfare, on display at New York's 1965 World's Fair in the People-to-People tribute to the late great world leader.

Mosquito Abatement Budget Is Set Higher

Directors of the Marin County Mosquito Abatement District yesterday approved a tentative fiscal 1966 budget of $107,675.08, an increase of nearly $4,900 over the current one, but said the district tax rate will remain at two and one-half cents per $100 assessed valuation.

Final budget is scheduled for adoption June 10.

The tax rate will stay the same due to higher assessments and because the district has extra funds on hand, according to manager G. Paul Jones.

Nine district employees received raises in salary.

Jones's salary went from $926 to $980 monthly. Others and their raises are: entomologist Harry Mathis, $696 to $731; senior operators Charles Perolini and John Rucker, $636 to $666; senior operator Norman Birse Jr., $609 to $644; special operator David Bailey, $558 to $588; operator William Porter, $533 to $560; operator Joaquin Gallardo, $533 to $548, and secretary Pearl McCabe, $490 to $515.

Board members agreed that they saw no reason to follow a 1964 Marin County grand jury recommendation to move the district office from 201 Third Street, San Rafael. They told board president Fran Baccaglio to explain this view in a letter to the present grand jury.

Wounded Inmate Out Of Hospital

San Quentin Prison inmate John Nettles, stabbed in the chest Wednesday while in a prison shower room, has been released from the prison hospital. Two victims of other stabbings this week, however, remained in the hospital today.

Inmate David Martinez Garcia, 23, was in good condition after being stabbed twice in the chest late Wednesday. Inmate Charles Walter Leonard, stabbed nine times in the chest while in the prison gymnasium Sunday, was improved but still in serious condition today, according to Associate Warden James W. L. Park's office.

Investigation of the stabbings had produced no new development today, Park's office said.

Garbage Rates Might Go Up

Garbage collection rates in Las Gallinas Valley Sanitary District may go up.

Marin Sanitary Service, which holds the collection franchise in the district, has asked an increase from $1.60 per 30-gallon can per month to $2. For two cans it would go from $2.50 to $3.30.

Directors of the sanitary district last night adjourned until 7:30 p.m. May 25 to hear testimony on the requested new rates.

Mrs. Helen Foulkes, district secretary, explained that all rates would be affected, including the level area rates quoted above and the side hill rates which are slightly higher.

The meeting will be at the district office at 300 Smith Ranch Road.

The first barbed wire was introduced about 1873. The first large scale manufacturer was Joseph Glidden of DeKalb, Ill.

School Slates Joint Concert

The San Rafael High School A Capella Choir and symphonic band will present a joint concert at 8 p.m. Wednesday in the school auditorium.

Choir director Byron Jones and band conductor Melvin Stanley will lead a six-part program starting with Beethoven's Mass in C.

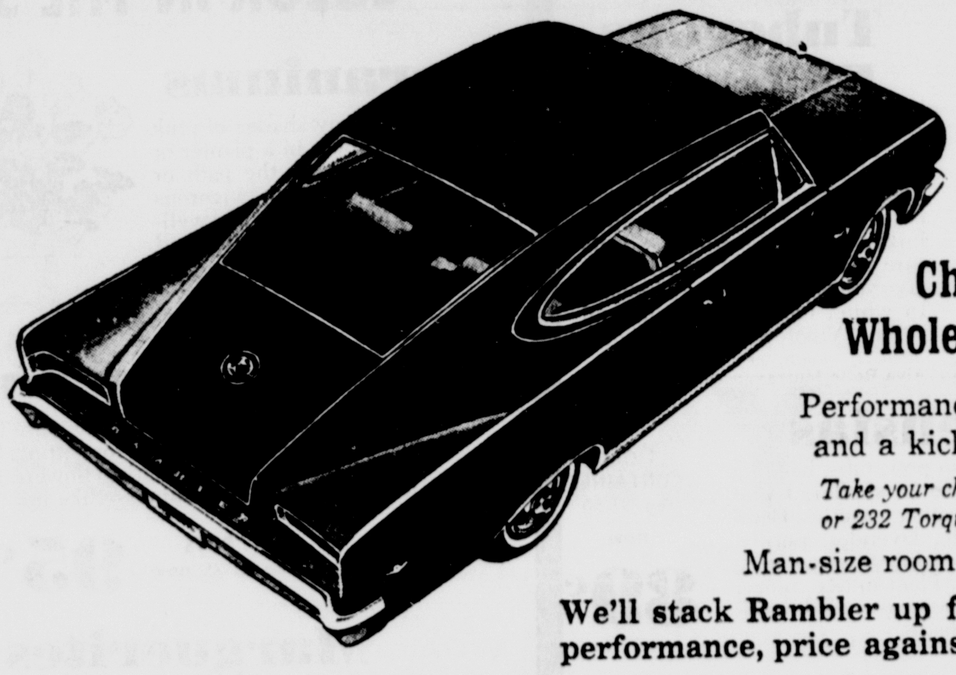

Lois Le Rud will be accompanist and will be soloist when the choir sings the Negro spiritual "Amen, Amen."

Larkspur School Pay Hikes Voted

The Larkspur School District Board approved raises for all hands last night, but still expected a three-cent drop in the district's tax rate.

Trustees granted teachers a $300 across-the-board increase, and approved pay hikes for non-teaching personnel, principals and Dist. Supt. Milton S. Cohen.

The new salary schedule for teachers ranges from a low of $5,600 to a top of $10,300.

Cohen estimated that the proposed $1,143,785 budget for the 1965-66 school year would result in a drop in the tax rate from $2.99 per $100 assessed valuation to $2.96.

The board increased the salaries of Cohen and the district's four principals by adopting a ratio system, which ties the administrators' salaries to the teachers' salary schedule.

Cohen was granted a $525 raise to $17,025 a year, and the principals were granted a $650 a year raise. These were based on a $600 over-all raise for teachers; a $300 increment raise and the $300 boost in the schedule.

Trustee Jack L. Mengel strongly opposed placing the superintendent's salary in the ratio system. "He advises on teachers' salaries and if his is tied to the teaching salary schedule, he might not be objective," Mengel said.

He also claimed that the superintendent should be paid on the basis of his value to the district regardless of whether the teachers get a raise.

The vote on the ratio system was 3-1 with Mengel dissenting and Trustee John R. Cunningham absent.

Trustee Curtis P. Kamai noted that the board "can throw out" the ratio system next year, if it wishes.

The board also voted varying raises to non-teaching personnel, totaling $3,300. Cohen reported that the raises ranged "around $20 a month."

Trustees also approved creation of teaching vice principal posts at Henry C. Hall and Larkspur-Corte Madera Schools, to pay $500 each above the teaching pay scale.

Gilbert L. Slusher, principal of Larkspur-Corte Madera School, was named district business manager with $500 for the additional duties.

Mengel dissented also on the vice principals and on the new title for Slusher. He contended Slusher's work as business manager "might weaken his work as a principal."

Cohen reported that the proposed budget provides for five additional teachers, an additional custodian and four half-time library clerks.

Board members denied a request of the San Clemente School Parent-Teacher Assn. to the reinstate the dental hygiene program in the budget. Mengel voted to include it.

Chairman John W. Boyd said the board should "do something definite" in regard to the preliminary budget at its May 27 session.

At the start of its session the board received a letter from Mrs. Eilen Werth of 25 Alta Way, Corte Madera, complaining about the procedure for planning the eighth grade graduation party at Neil Cummins School. She charged that the Parent-Teacher Assn. was in control.

Mrs. Catherine Burch, principal at the school, reported "this lady was somewhat upset because the majority did not go along with her in planning of the party." The board left the matter with her.

The Larkspur School District Board Also:

1. Appointed Cohen and Kamai to talk to Corte Madera town officials to determine who has the responsibility for two sloughs near Neil Cummins School, which parents have declared a hazard, and learn the cost of fencing or fill.

2. Approved donation of surplus books to the Books for Malaysia campaign, with stipulation that surplus books also will go to U.S. areas, if needed.

3. Accepted resignations of Robert Holczer, seventh and eighth grade teacher at Neil Cummins School; Diane Pozzi Concordia, fifth grade, San Clemente School, and Jean Grunbaum, fourth grade, Henry C. Hall School.

4. Hired as new teachers, Christiancy Pickett, who has been a substitute teacher in the district; Gerald R. Girod of Oregon; Erna S. Torney, who has been a substitute teacher in Marin while studying at Dominican College and Sonoma State College; Marilyn A. Deeds, who formerly taught at Atascadero; Alva Retta Murray, music teacher; Beverly C. Cooper, a Fairfax resident, and Alan Gillmore, who has taught in California Schools and U.S. dependent schools in Europe.

Board Going To Bat For Recreation

Larkspur School District trustees agreed last night to go to bat to try to save the Larkspur-Corte Madera joint recreation program.

The authorized a letter to the Corte Madera Town Council expressing concern over possible elimination of the program.

On May 3 the council voted 3-2 against providing funds to support the Larkspur-Corte Madera Joint Recreation Commission. Council action followed voter rejection of a six-cent tax limit for recreation April 20.

"I don't think the people spoke against recreation. They voted against the six cents," said trustee Curtis P. Kamai. "Corte Madera can provide money for recreation. It's not too late."

He suggested that people go to the council sessions "en masse" and ask for recreation.

Board members also authorized Kamai to appear before the council in their behalf to request that the joint recreation program be continued.

The program has been underwritten by the school district, the City of Larkspur and the Town of Corte Madera.

Reunion Set At Hamilton

The Seventh Bomb Group, the first flying unit at Hamilton Air Force Base, will hold a testimonial banquet and reunion at the Officers Club on the base.

It will honor Maj. Gen. C. F. Necrason, who commanded the unit when it was based in Java and the China-Burma-India theater of World War II. General Necrason, former commander of the 28th Air Division, is now special assistant to the commander of the air defense command.

The bomb group was the first assigned to Hamilton Field when it opened in December, 1934. It flew 24 Mitchell bombers from March Field to Hamilton.

Gets Prison In Fatal Shooting

LOS ANGELES (AP)—Louis Koullapis, 70, drew a prison term of five years to life for shooting up three Gardena poker parlors in a frenzied attack that killed one man and wounded 28 other persons.

Koullapis, sentenced yesterday, had pleaded guilty to second degree murder in the death of Adrian Archibald, 74, of Burbank.

Five lesser charges against the defendant were dismissed. The shootings took place Jan. 11.

to save your lawn and garden from immune bugs

You've put a lot of money and sweat into your lawn. Yet bugs can now damage or destroy it *even if you spray*. The reason is immune bugs. All over the country, the most widely respected insecticides are failing disastrously on lawns, shrubs, trees and crops.

Why Take a Chance?
New Spectracide, with Diazinon®, kills the immune bugs other insecticides can't kill. It was especially developed to meet the problem. No matter what bug you have—no matter what insecticide you formerly used—you should be using Spectracide now.

Most Effective
Spectracide is the first to kill all eight of the hardest-to-kill species: chinch bugs, sod webworms, armyworms, bagworms, Bermuda mites, spider mites, leaf miners and ticks. It kills more than 120 species of destructive insects.

Safer
Spectracide is degradable—will not accumulate in the soil. And Spectracide may be safely applied on lawns, flowers, trees, shrubs—even on many vegetables and fruit trees.

Easy and Economical To Use
One pint can of Spectracide makes 48 gallons of spray—enough to cover the average lawn. The cost is 7¢ a gallon. Mixing is easy with the new measuring cap (patent pending). Apply with the usual garden hose-end sprayer —or get the granular form, for your spreader.

A Famous Insecticide was sprayed on the left-hand leaf. Yet, see how immune bugs (leaf miners) are ruining the leaf.

Spectracide was sprayed on the right-hand leaf under the same conditions. Note how completely Spectracide protected the leaf.

U.S. Businessmen Get Warning Great Upsurge Can Be Undermined

By SAM DAWSON

NEW YORK (AP) — The business upswing seems set to take the traditional summer slump in stride and hit new highs in the fall. But even the most confident acclaimers of the record-breaking surge of prosperity are warning of things that could undermine it.

Complacency is one. Death of new stimulants is another. Inflation seems unlikely now but the seeds of it might take root.

And the very age of the expansion, now in its 51st month for a peacetime record, leads doubters of the infallibility of the new economics to wonder if the historic perils of the business cycle have been licked for sure. In short, have they repealed the law that what goes up must come down sometime?

More immediate threats are sighted for the summer months. Will the usual letdown for vacation closing of plants be accented by a drop in new orders for steel? The answer lies in whether a steel strike Sept. 1 becomes more likely, or whether a labor settlement will mean higher prices and perhaps spur higher demands for wage increases in other industries.

The administration is warning against complacency, of abandoning caution, in many fields. Business and consumer foregoing of excesses has continued the prosperity surge. The administration is warning against overconfidence at the same time it is calling for continuing calm reliance in the powers of the economy to deal with current problems.

Competition has held prices remarkably steady. But as production expands, the excess capacity that has fed this competition is dwindling. This, too, is being watched.

The federal government has applied effective stimulants to keep the business upswing in high gear. Tax cuts for individuals and corporations have supplied more spending money. Relaxing of depreciation rules has given corporations more cash to use for expansion.

What new stimulants are ahead? Federal excise taxes are due to be cut this year and maybe some more next year. But will this offset the pocketbook drain of the stiff rise in Social Security tax rates in January?

Government spending is rising at federal, state and local levels. But state and local taxes have been going up, too. And some critics of the Great Society fear that its costs will escalate so fast that an inflationary type of treasury deficit will result while the federal debt rises rapidly.

Tax Increase 'Is No Harm To Economy'

NEW YORK (UPI) — Commerce Secretary John T. Connor today predicted that the U.S. economy will weather next January's scheduled increase in Social Security taxes without any trouble.

Connor said he does not share the worry expressed by some economists that a bigger Social Security tax bite will reduce consumer spending enough to slow down the economy before July, 1966.

On that date, the administration's Social Security-financed health care for the elderly program and increased retirement benefits, both provided in an administration - supported bill already passed by the House, are scheduled to go into effect.

"I believe our expanding economy will absorb the difference between contributions and benefits in the intervening months," Connor said in a speech prepared for delivery to the Society of American Business Writers.

Gains of a point or so were made by Chrysler, Douglas Aircraft, International Nickel and United Air Lines.

U.S. Steel, American Telephone and Control Data were easy.

Radio Corp. and Polaroid were fractional losers.

Volume for the day was estimated at 6 million shares compared with 6.46 million yesterday.

Fibreboard Raises Prices On Cartons

SAN FRANCISCO — Fibreboard Paper Products Corporation has announced a 5 per cent increase in prices on most items in its folding carton product lines. The increase will apply on shipments after June 30.

J. H. Grady, vice president—packaging, pointed out that the adjustment is necessary because of the increased cost of labor, materials and other items. An additional wage increase, based on an industry contract settlement made last fall, will become effective June 1.

ANGUISHED CRY — Would-be leaper Frederick Korn, 21, cries out in anguish as rescue policeman, a rope around his waist, struggles to bring the youth to safety from the Verrazano Narrows Bridge in New York early today. (UPI Telephoto)

First Would-Be Leaper Is Pulled Off New Bridge

NEW YORK (AP)— An unemployed young bachelor from Brooklyn perched for 95 minutes on an outer beam of the world's largest suspension brige early today, threatening to jump 260 feet into New York harbor. Two patrolmen finally pulled him off.

The man, identified as Frederick Kork, 21, was taken to Kings County Hospital in Brooklyn for observation.

Police Sgt. William Kennedy of the Triborough Bridge Authority, a priest and Korn's father, Nathan, who arrived later, kept up a banter of conversation with him until officers were able to pull him from the new Verrazano-Narrows Bridge. His was the first such threat since the bridge opened last Nov. 21.

Kennedy and the priest, who declined identity, engaged Korn in conversation for 35 minutes before he gave them a telephone number where his father could be reached.

Police said Korn, using telephones on the bridge, phoned them twice and told them he was going to jump.

During the tense moments, a police harbor patrol launch spread a net below Korn. Two police emergency crews and the Coast Guard also were on hand.

Tidelands Fund Bill In Trouble

I-J Special Report

Sacramento — An Assembly bill that would provide state matching funds to re-acquire tidelands for public recreation and conservation is bogged down, according to Assemblyman William T. Bagley, R-San Rafael.

The bill (AB-1239) was entered by Bagley at request of the Marin County Board of Supervisors. It calls for appropriation of $1,500,000 from the general fund to set up the matching fund program.

The measure passed the Assembly Public Utilities and Corporations Committee last month and was sent to the Ways and Means Committee.

The measure is stymied because the Department of Finance is opposed on grounds of "insufficient funds," said Bagley. "The Ways and Means Committee will not hear the bill unless we have a letter from the governor giving his approval."

No Passage Urged On Arab Proposal

WASHINGTON (UPI) — The administration urged the House Banking Committee yesterday not to pass an anti-Arab trade proposal backed by lawmakers friendly to Israel.

Under Secretary of State George W. Ball said the measure could obstruct U.S. foreign policy and hinder American businessmen, and probably wolud not help Israel very much.

The anti-Arab proposal was in the form of an amendment to a law which gives the Commerce Department authority to restrict exports to certain countries.

Navy Says Standards Are Lowered

WASHINGTON (AP) — The Navy said today it has had to recruit a fairly heavy percentage of men with limited abilities in order to meet its manpower requirements.

For months, roughly one-fourth of those enlisted have been in what is called "Group IV" — men whose score in qualification tests indicates insufficient aptitude to absorb technical training.

"These men have the potential to perform capably in the unskilled technical fields," the Navy said. It mentioned in this connection jobs as cooks, boatswain's mates and the like.

A Navy spokesman said that normally only about 6 per cent of those accepted by the Navy have been in the lower aptitude group.

"Group IV personnel are being recruited in order to meet Navy manpower requirements when better qualified personnel cannot be recruited or do not volunteer for enlistment," the Navy said.

Approximately 220,000 gas stations serve American motorists, with an additional 130,000 single pumps located in dealer shops and grocery stores across the country.

Costly Delay Seen For Rapid Transit

SAN FRANCISCO (AP)—Projected delays of five and nine months in the opening of two sections of a three - county rapid transit system coupled with a cost increase of $10 million were disclosed here yesterday.

Adrien J. Falk, president of the board of the Bay Area Rapid Transit District, still maintained however, that the over-all system would be completed in the target year of 1971.

The transit system will serve commuters from San Francisco, Alameda and Contra Costa counties.

Falk claimed in his progress report that the delays were due to consideration of various community recommendations as well as opposition in the form of "lawsuits and threats of lawsuits."

He said the door must be closed on any more such recommendations "except for practical ones, or inflationary factors will prevent us from ever finishing the system."

The board disclosed that next year's budget will total $13.65 million, compared with $7.25 million this year. This represents an increase from 14 to 31 cents in tax levy per $100 assessed property valuation within the transit district.

Sections of the transit system currently facing a delay in opening:

The East Bay line from Richmond to Hayward, scheduled for January 1968, but retarded nine months.

The Concord to Daly City line, delayed five months over the projected date of May 1969.

THE BIG RACE

Lucky Okay, 7-5 Preakness Pick

By ORLO ROBERTSON

BALTIMORE (AP) — All was right today with Kentucky Derby winner Lucky Debonair. He'll start tomorrow in the 90th running of the $150,000-added Preakness at Pimlico.

Doubt that an inflamed right hind ankle would keep Mrs. Ada L. Rice's colt out of the second event in the bid for the Triple Crown for 3-year-olds was dispelled yesterday after an examination and treatment by a Kentucky veterinarian.

"I'm sure he'll be all right", said Dr. Alex Harthill. "Actually, it is only a very minor thing.

"Lucky burned his heel when he breezed Monday. There was a slight infection due to sand working into the burn and once I removed the scab and cleaned the area, the abrasion should heal promptly. I was delighted to see the horse in such good condition."

"I feel much, much better," said trainer Frank Catrone. "Of course, we still have to run the race. It was only minor but I was worried. Who wouldn't be with any kind of an injury coming so close to a race?"

Lucky Debonair breezed one-half mile in :48 this morning and Catrone said the horse was okay and that the swelling had disappeared entirely.

SWOLLEN ANKLE

Lucky Debonair, who beat Ogden Phipps' Dapper Dan by a neck in the Derby, turned up with the swollen ankle yesterday morning a few hours before entries closed for the Preakness.

Told by Dan Rice, husband of Lucky's owner, to use his own judgment, Catrone entered the Derby winner to join eight other 3-year-olds.

Pimlico officials also were happy because the Preakness, without Lucky Debonair, figured to be just another wealthy horse race with the outcome wide open.

Even before Lucky Debonair was given a clean bill of health, the track handicapper made him the 7-5 choice to capture the 1 3-16-mile race, slated to be run under fair skies and temperatures in the mid-70s.

Post time is 2:46 p.m. PDT, with the Columbia Broadcasting System televising the race from 2:30 to 3 p.m.

It cost Mrs. Rice $1,000 to enter Lucky Debonair yesterday and it will cost another $1,000 to get him to the starting gate.

With nine starters the gross value of the race will be $180,600, with the total decreasing $1,000 for each horse under nine. Of the total, $30,000 is earmarked for second, $15,000 for third and $7,500 for fourth. The remainder goes to the winner, which would be $128,100 with nine starters.

THIRD CHOICE

Although Dapper Dan just missed catching Lucky Debonair in the Derby, the Ogden Phipps colt was rated no better than the third choice at 6-1. He lost many supporters with a bad workout Wednedsay.

Tom Rolfe, third in the Derby, was 3-1 second choice chiefly because of his fine workout over the Pimlico track early in the week. Flag Raiser was quoted at 5-1 and Native Charger, a disappointing fourth in the Derby was 10-1.

Hail to All, who failed to show his usual stretch kick in the Derby and wound up fifth; Arkansas Derby winner Swift Ruler, seventh at Churchill Downs, and two colts who didn't start in the derby — Needles' Count and Selari — round out the field.

Mays & Co. Aim Big Guns At Houston '9'

By JACK STEVENSON

SAN FRANCISCO (AP)—Say hey! Willie Mays at 34 is a kid no more but take a look at the record.

He's batting a fat .579 during the San Francisco Giants' current home stand with 11 hits in 19 times at bat, including five doubles and a home run.

For the season, he's hitting .387 and in Candlestick Park .463. He's belted 11 homers, a triple and 10 doubles. He's appeared in all 27 San Francisco games and fielded flawlessly.

Not a bad start for a fellow who broke into the majors with the Giants in New York as the "Say hey kid" and three years later was voted the National League's Most Valuable Player.

Captain Willie still leads the Giants both as the appointed leader on the field and the self-proving leader at the bat.

Mays socked two doubles and a home run yesterday as the Giants whipped the Chicago Cubs 6-3. He now awaits the invasion of the surprising Houston Astros who changed their name from Colt .45's and started soaring.

Houston named Ken Johnson (2-0) to pitch tonight, facing Gaylord Perry (1-2). The Giants hope their slugging power will carry through this series and boost them over the .500 mark for the first time this year.

"If we get to that .500," said Manager Herman Franks, "we could just be on our way."

Of the eight hits by the Giants against the Cubs, seven went for extra bases with Jesus Alou and Tom Haller joining Mays in the home run department.

Willie McCovey contributed a double and Jim Ray Hart a triple in the barrage against four Cub pitchers that meant a loss for Ernie Broglio and a triumph for Jack Sanford, now 3-1 and fully recovered from last summer's serious arm operation.

"I have never seen Sanford throw faster than that third strike he sent past Ron Santo," Franks observed, a pitch erasing trouble for the fireball hurler.

The Giants led 3-1 in the top of the fourth. Glenn Beckert doubled to lead off and went to third on Billy Williams' infield out.

Santo, with a count of 3 and 2, swung at the Sanford fast ball and missed.

"I didn't think Tom knew what he was talking about when he asked for that pitch inside," Sanford admitted. "Santo likes those inside pitches and we'd been pitching him outside before. I guess it fooled him."

Haller said, "Sometimes you get a hunch. And the three hits Santo had Wednesday were on pitches away."

When the Cubs scored an unearned run in the eighth, Frank Linzy relieved Sanford but the big blond had his victory.

Haller, who has been gripped with a batting slump this season, added an eighth inning single to his earlier homer.

"I hope this gets him started" Franks said and Haller wasn't a bit unhappy the Giants would have had only extra-base hits if he hadn't singled late in the game.

"I'd like a few more like that," said the catcher.

McCovey's Stretch Makes Big Difference On Infield Plays

CONNOLLY

He does everything so nonchalantly, his stretching is overlooked. Yet Willie McCovey, now acting as a replacement for Orlando Cepeda, is proving himself a highly competent first baseman.

Willie wasn't given the nickname of "Stretch" accidentally. His teammates on minor league clubs tacked it on him long before he had dreams of making the major leagues. They figured he was doing more for them by stretching to make the putout than they were making the throws.

Many close observers, among them Giant Manager Franks, think McCovey takes two steps away from every batter hitting to the Giant infielders. The real fast baserunners, among them Maury Wills, say they have to hustle harder to beat out an infield hit with McCovey on first, than they do when Cepeda is playing. Giant infielders admit they can throw three feet higher with McCovey, because of his height.

The humility and tenderness of "Lovey Dovey" is amazing. The kid always is rooting for his teammates. It's a ritual for Willie to compliment his teammates. Willie, according to Manager Franks, is delighted when rooting a teammate out of a hitting slump.

"I KNOW what it is to be in a slump," McCovey explains, "and you'll never know how a chummy slap on the back from a teammate picks you up."

McCovey may not carry any college diplomas in his hope-chest but he shows deep consideration for his associates.

"I never heard Mac put in a rap for anyone, even those who sometimes ridicule him," friend of Lovey Dovey was saying.

"Most homerun hitters are inclined to strut when they're

Marin Prep Trackfest Tomorrow

Prep track and field followers are hoping for a fast track and no wind tomorrow for the Marin Ahtletic League finals on the San Rafael High School oval.

The meet, pitting the best preps in the country against one another, will start at noon. Competition will be in varsity, Class B and Class C, with the top eight finishers of each event in last week's qualifying meet trying for the top laurels.

MAL championship meets of the past have been marred by strong winds, making it tough on the runners, and last week's trials were no exception. Hopes are that things will be different tomorrow.

Meet officials have promised a fast track for the finals. Class B and C running events were held last Thursday and by the time the varsity runners hit the cinderpaths the following day, the track was pretty soft.

Center of attention this year along the league circuit has been taken up by Drake High School's Dean Lazzarini, the junior football-track star already sought after by college and university recruiters. Dean equalled the league record for the 100-yard dash in the trials last Friday with a 9.9, but the fans were hoping for more.

He has churned off a 9.7 already this season and hit 9.8 on other occasions. He has his sights on a 9.6 and tomorrow may be the day. He will also be in the 220 field, having breezed to a 22.0 triumph in the qualifying run.

Drake will pick up quite a few points in the sprints, as Pat Meden, another Pirates speedster, ran second to Lazzarini in both the 100 and 220. Since points are split between the first five places—8-5-3-2-1—a one-two finish by Lazzarini and Meden in the sprints and a win in the 880 relay would give Drake a quick 34 points toward the overall meet champoinship.

THE SCHEDULE

Schedule of events for tomorrow's Marin Athletic League track and field championships appears on page 19.

According to results of the trials, Drake and San Rafael are the co-favorites for the team championship. Those two schools tied for the dual meet championship being as close as they could be. San Rafael and Drake each won five meets and tied when they met each other.

Four other top varsity athletes will be out to better their still fresh league records, set in the trials. Gary Wittenmeier of Marin Catholic flipped the discus 142 feet, 5½ inches and Drake's Doug Manuel tossed the shot 52 feet, 6 inches for new league weight records.

The other two varsity marks established were in distance events, Dave Barni of San Rafael with a 9:52.8 time in the 2 mile run, and Mike McCauley of Redwood with a 1:58.8 in the 880.

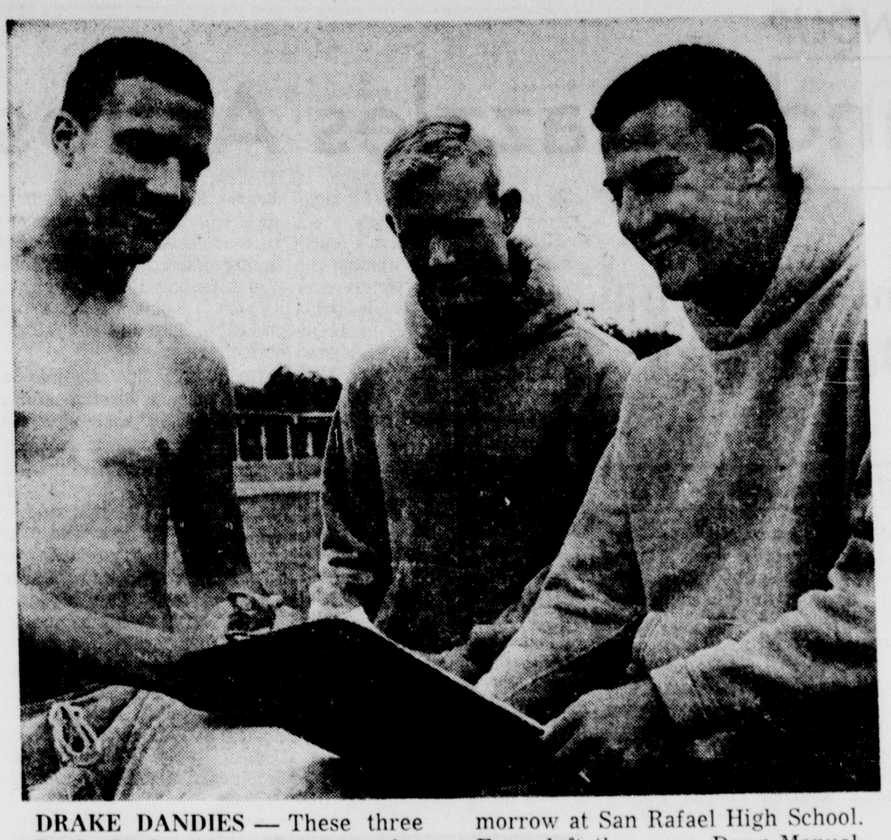

First five places in each event qualify for the North Coast Division III meet May 22 at San Rafael High. Top finishers in the divisional meet then compete against the other division winners in the big North Coast Section meet scheduled May 29 in Santa Rosa.

Although the sectional meet is being held in Santa Rosa, the Marin Athletic League is host. In other words, doing all the administrative work for the meet. In charge of the meet is Drake track coach Morrie Shepherd.

But first things first. In charge of tomorrow's Marin League meet is Terra Linda, acting as host. Meet director Bill O'Bayley, athletic director at Terra Linda, said, "We are looking forward to good marks and times. It should be one of the closest meets in many years."

Field events start at noon, and first running event, the varsity 120-yard high hurdles, starts at 2 p.m. The gate in front of the San Rafael High School gymnasium, the only one to be used, will open at 11 a.m. for all the early comers.

Admission price for the meet is $1 for adults and 25 cents for student body card holders.

DRAKE DANDIES — These three Drake High athletes figure to play a prominent role in the Pirates' title hopes in the Marin Athletic League track and field championships tomorrow at San Rafael High School. From left they are Doug Manuel, Pat Meden and Dean Lazzarini, who could account for 34 vital points in individual competition. See story. (Independent-Journal photo)

Indy 500 Qualifying Tomorrow; Speed Burners Battle For Pole

INDIANAPOLIS (AP) — More than a dozen cars may be ready to bid tomorrow for the pole position in the 500-mile race to be run at the Indianapolis Motor Speedway May 31.

A. J. Foyt of Houston, Tex., who won the 1964 race, and Jim Clark of Duns, Scotland, who set the qualification records a year ago, appear to be the top contenders, but they should have plenty of competition.

Foyt hit the high speed of the season in practice yesterday with an unofficial 161 miles an hour for his fastest lap. Clark was caught at 160.142.

Foyt, Clark, former champion Parnelli Jones of Torrance, Calif., and rookie Mario Andretti of Nazareth, Pa., all have been above Clark's qualification records of 159.377 for one lap and 158.828 for the four-lap run.

Jones' best lap was turned at 159.574. Andretti climbed to 159.5. Dan Gurney of Costa Mesa, Calif., getting on the track yesterday for the first time this year, hit 159.

The five fastest cars in practice all are Ford-powered rear-engine creations.

There have been five cars in the 157 bracket, headed by Bobby Unser of Albuquerque, N.M., at 157.8.

Qualifications will continue Sunday and May 22-23. However, the first-day qualifiers will start the race at the head of the pack, except for those that may be "bumped" from the line-up by faster cars. Only the 33 fastest cars in the four days of the trials will start.

The fastest qualifier tomorrow will start on the pole — the inside position in the three-car front row. The second and third fastest will fill the front row, and the others will line up behind in the order of their qualifying speeds, three cars to a row.

Sunday's qualifiers will come next, followed by the groups that qualify next weekend. After 33 cars have qualified the bumping starts, and the slowest car in the tentative line-up comes out when a faster car qualifies.

The qualification prize money totals $19,500, with $3,500 allocated for each day and $5,500 for the fastest qualifiers regardless of the day.

Theoretically the pole car can be bumped — if 33 cars qualify faster. Practically it's a near-impossibility, because several of the fastest cars are almost certain to go on the opening day.

A new rule — the only one this year — will eliminate the traditional scramble at the gate tonight to be first in line for qualification attempts.

A drawing tonight among the 68 entrants will determine the order in which they will get the chance to go.

RECORD FLEET SAILS IN WEEKEND REGATTA

A record number entry of 539 boats will be competing in the All Clubs Regatta on the San Francisco Bay tomorrow and Sunday.

There will be 484 sailboats and 55 power boats in the 32nd annual two-day regatta, breaking the record of 511 established last year.

About 300 sailboats will cover the Bay off the Marina in 24 separate one-design class battles tomorrow and the 55 power boats go to Vallejo in a championship over-the-bottom navigational test put on by the Northern California Power Cruiser Assn.

About 200 sailboats compete in 11 handicap division races and three one-design class events Sunday.

Junior Tennis Entries Open

Registration forms are now available for the third annual Belvedere Tennis Club junior tournament, the largest tourney in the state, scheduled July 12-16.

Last year's tournament brought out 335 young players from California, Arizona, Nevada and New Mexico.

Players also may participate in a dance, barbecue and sailing parties scheduled during the tournament period. Entrants who live outside the area will stay at homes of club members.

Youngsters between 10 and 18 may enter the tournament, which will include novice matches for less experienced players.

Boxing Fatality Held Accidental

PHILADELPHIA (AP) — Boxing officials still were shaken today by the death of heavyweight boxer Sonny Banks, but no investigation into the death is now anticipated.

Banks, a 24-year-old Detroit fighter, died yesterday after surgery to remove a blood clot. He was knocked out Monday night in a fight with Philadelphia boxer Leotis Martin.

Banks regained consciousness in the dressing room, fell unconscious again and never came out of a coma.

Richard A. Sprague, assistant district attorney, said the death appeared to be "simply a boxing accident." He said no charges would be filed against Martin.

Frank Wildman, state athletic commissioner, said both fighters were in excellent condition, the bout was conducted in the proper manner, the referee was alert and nothing occurred before the knockout to suggest any lack of care or supervision.

Despite the death, Wildman came to the defense of the sport:

"The public should keep in mind that such accidents in boxing are extremely rare in proportion to fatals in other body contact sports. Boxing suffered a terrible blow in the loss of a fine young man, but does not deserve to be held in total disrepute for this reason.

'hot.' Not McCovey. He's happy with a hit of any sort, puny, or one for distance."

"I'M OUT to improve my batting average," Willie declares. "If I am lucky to hit it out of the park, naturally I'm glad but those hump back hits, and finger nail singles, count just as much in the records as the big ones."

If you ask McCovey how many home runs he expects to rack up in 1965, he'll shake his head and say: "Your guess is as good as mine. All I want is to stay in the lineup. In that way I'll get more opportunities. And right now I want that chance more than anything else."

In discussing his "bunt hits" McCovey calls 'em bleeders.

"I GOT a couple of those bunt hits already. They really help," Willie says. "When I see a good opportunity to beat out a bunt, it's like inviting Willie Mays to bring me home with one of his jet stream home runs."

A fine illustration of the esteem in which McCovey holds Mays, is to watch his face and ears as Willie pops off. It is a picture in color of hero-worship at its highest.

GIANTS PREPARE ORBIT-UARY

The high-flying Houston Astros, who've enjoyed success in their domed home park, invade top-less minded San Francisco for the start of a four-game series tonight. The way the Giants hit yesterday, the Astros may have trouble getting off the ground.

Par Takes Awful Beating In New Orleans Tourney

NEW ORLEANS (AP) — Golf is just another job to Gene Littler — not a dedication — but the 34-year-old former National Open champion is bidding today to end a three-year victory drought.

The smooth-swinging pro, who plays out of Las Vegas, grabbed a piece of the first round lead in the $100,000 Greater New Orleans Open with a seven-under-par 65 yesterday.

Jack Nicklaus, winner of the Masters six weeks ago, joined him at the front of the field of 145 along with Bill Martindale, a PGA tourist for slightly more than a year.

Littler, once considered the most promising prospect on the play-for-pay circuit, admits he doesn't have the burning ambition of Arnold Palmer or Nicklaus.

"I prefer to spend more time with my family," said the 5-foot-9 Californian who turned pro 11 years ago after capturing the National Amateur crown.

Victory has eluded him since the 1962 Thunderbird.

Nicklaus, the 6-1 choice to walk away with the $20,000 first prize here, was barely in the club house yesterday with his 65 — a competitive course record — when Littler matched it. Martindale holed a 30-foot birdie putt on his final hole to tie them.

Palmer, who ended a slump two weeks ago by capturing the Tournament of Champions, had putting troubles and wound up with a 73.

Par took a beating as 62 players turned in sub-par cards. It was the most under-regulation scores for an opening round in any tourney this year.

However, the posh Lakewood layout was a changed course today. It was well soaked by a par 65 Thursday.

Tour rookie Homero Blancas, playing in his third circuit event as a pro, and Dick Crawford, had 66s.

PGA champion Bobby Nicholls and six others shot 67s. Defending champion Mason Rudolph had a 71, along with 12 others, and Bruce Crampton a 73.

NOVATO OWNS TRACK TITLE

A story in yesterday's Independent - Journal erroneously listed Novato High School's track and field team as finishing third in the Marin Athletic League's Class C dual meet standings.

Novato Director of Athletics Harry J. Moore said his school's C team actually tied for the championship with Tamalpais and Terra Linda, each team with a 5 victory, 1 loss record. The 1-J credited Novato only with a 4-2 record. San Rafael, credited with a 3-3 record, actually was 2-4, said Moore.

An error also appeared in Class A standings. Redwood finished with a 3-3 record instead of 2-4 and Marin Catholic 0-6 instead of 1-5.

Tam Pool Reopens

The swimming portion of the Tamalpais Recreation Program at Tam High will be reopened this Saturday from 1 to 5 p.m., it was announced today by recreation director Ed Chavez. The program will continue every weekend until the end of school, said Chavez.

FIGHTS LAST NIGHT

TOKYO — Jose Medel, 118¼, Mexico City, outpointed Katsuo Saito, 119, Japan, 10.

Redwood Golfers Score Victory

Redwood High School's golf team, still second to Tamalpais in the Marin Athletic League standings, downed Terra Linda 5½ to ½ yesterday at Marin Country Club.

Results: Mike Kelly (R) tied Rick Timmer (TL); Buzz Beatti (R) d. Eric Andrewsen (TL), 2 and 1; Greg Kast (R) d. Ron Cannaday (TL), 3 and 2; Brock Bruderer (R) d. Ron Mitchell (TL), 2 and 1; Don Anderson (R) d. John Jaccard (TL), 2 and 1; Craig Johnson (R) d. Terry Stymmel (TL), 2 up; Medalist: Kast, two-over-par 38.

NATIONAL LEAGUE ROUNDUP

'Same Old Sandy' Dazzles Astros

By MIKE RATHET
Associated Press Sports Writer

"They bathe him in liniment before a game and soak him in ice water after a game, but in between he's still the same Sandy Koufax."

Cincinnati Manager Dick Sisler said it last week — and Koufax proved it against Houston last night with a three-hit, 3-0 triumph wrapped up in a 13-strikeout package for the Los Angeles Dodgers.

It was the first shutout of the season for the ace Dodger lefthander but the strikeout total was no doubt the most convincing statistic for those who questioned Koufax' ability to pitch effectively every fourth day with the arthritic condition in his elbow.

The 13 strikeouts represented a high for the season in the majors and Koufax' best performance since he fanned 14 in a game against Houston on April 19, 1963. It also returned Koufax to his usual position as the majors No. 1 strikeout artist with 61 in 54 innings pitched.

Despite the fact that the arm has not swelled after his most recent performances, Koufax takes two precautions to guard against any flare up and has eliminated one pitch from his repetoire to ease the strain.

The liniment swabbing is routine before a game, the soaking in ice is routine after a game, and the side-armed curve balls he used to throw against lefthanded batters have been taken out of his act.

But there's little doubt it's still a first-rate show.

While Koufax was taking over the strikeout lead, Willie Mays hit his 11th homer and added two doubles, raising his average to a National League leading .387 in San Francisco's 6-3 victory over the Chicago Cubs.

Elsewhere, Joe Torre's fourth single drove in the winning run in Milwaukee's 5-4 victory over Pittsburgh and Philadelphia edged Cincinnati 7-6 in 10 innings when Deron Johnson threw away a bunt by Frank Thomas. The New York Mets and St. Louis were not scheduled.

Koufax, bringing his record to 4-2 while lowering his earned run average to 2.17, got the only run he needed when Lou Johnson hit his first homer of the season, a solo shot off Houston starter Bob Bruce in the second inning.

Johnson was forced to leave later in the game when he was hit on the helmet by a Bruce fast ball. Johnson was able to walk off the field and the injury did not seem serious.

Torre, who lifted his average to .380, drove in a run for the Braves in a three-run sixth inning rally that tied the score, then clinched it in the eighth inning when he singled home Frank Bolling. Bolling stroked a two-out double and moved around to third on Hank Aaron's infield single.

Gene Alley hit a three-run homer as the Pirates built a short-lived 4-0 lead after two innings.

The Phillies won it in the 10th when Dick Stuart drew a walk off Jim Duffalo and moved around to third on a wild pitch and a grounder. Then, with two out, Thomas laid down a surprise bunt and Johnson pegged it wild, Stuart racing home with the winning run.

The Phillies had come from behind to tie the score with a three-run ninth fashioned on singles by Ruben Amaro and Cookie Rojas, Richie Allen's double and a triple by Johnny Callison.

Return Of Salmon Fails, And Not Much Bass Action Either

STEVENS

Well our great expectations for a return of salmon action didn't materialize. There was a short-lived flurry on Tuesday, but that was all. The few boats that went out returned with two or three fish only. On Wednesday quite a few salmon were hooked and released as undersized.

The less said about striper striving in local waters the better. There just isn't enough action to tempt the outboarder or the party-boat skipper to waste his time. But practically anyone who has a yen to hook, play and land a sturgeon can make the grade. Johnny Sivera, piloting the Happy Days out of Dowrelio's Crockett harbor, took six anglers out on Tuesday and brought them back with as turgeon each. Carl Bennett of the Rodeo Marina reported the boat Jackpot likewise had six anglers aboard and took six sturgeon to 45 pounds (Sivera's top fish went 65 pounds). Carl Bennett also reported the big, fast boat, the Bluefish, worked the waters off Point Reyes for deep sea fish. Netted limits for nine rods of assorted rockfish, and a goodly number of lings. That was on Sunday.

DON SMITH of Don's Bait and Tackle at Clear Lake Highlands told me the extraordinary run of fine fat crappies continues. "Anyone can get 'em!" Don reported and added, "The blacks are starting to move, a few bluegills have come in and so have some nice strings of catfish."

NOT LONG ago a reader called to tell me that he had talked with someone with regard to chances to catch fish in the Dwinnell Lake not fer from the town of Weed. He was told that a plant of Japanese pond smelt had given the fish so much to eat that fishing was no good. I don't believe my caller made the trip because of the adverse report. However, if he still has a yen to give Dwinnell a trial, I hope he reads this. It is true thatt he plant of smelt was highly successful from the standpoint of their propagating their species, and the fishes in the lake have quite a lot to feed on, but fish, trout or black bass, can still be caught. Give a spell of weather that will warm the water, and Dwinnell will be one of the hot spots to fish.

HUNTERS, Targeteers and all persons interested in "fair play" please not that Senate hearings on S.1592 start on May 19. This is the bill that would hinder, maybe stop, all guns being held by you and your hunting friends. Limited space prevents me from going into details on this dangerous bill, but I strongly urge all clubs and members of rod and gun clubs to wire the Winchester News Bureau, 460 Park Avenue, New York, N.Y. 10022. Ask for a reprint of the Firearms Crisis by William L. Wallace. Read it carefully and then send letters or telegrams to President Johnson, and to Senators and Congressmen. Club secretaries get busy! And that's it for today.

Miss Uunila came to Novato to live with a sister and brother-in-law, Mr. and Mrs. Dean St. Dennis of 59 Raposa Vista, after being orphaned by the death of her mother. She entered Novato High School as a junior.

Her father died five years earlier.

Throughout high school in Astoria, Ore., and Novato, she has maintained a 3.88 point average — only .12 of a point short of a straight A average, reported Gargiulo.

Car-Pooling Called Fine, But Not Span Board Job

Car-pooling to relieve congestion on the Golden Gate Bridge is fine, but such a scheme must be handled by private organizations, not by the bridge district.

This was the conclusion reached yesterday by the commuters affairs committee, headed by Marin director Thomas D. Hardcastle of Novato.

A central clearing house for car pools was suggested by C. F. Olsson of 29 Pasadena Avenue, San Anselmo, in a letter to Hardcastle.

"I will maintain a master file of commuter needs throughout Marin," wrote Olsson. "As needs are matched concerning destination in San Francisco and times, etc., I will notify the individuals concerned to contact each other."

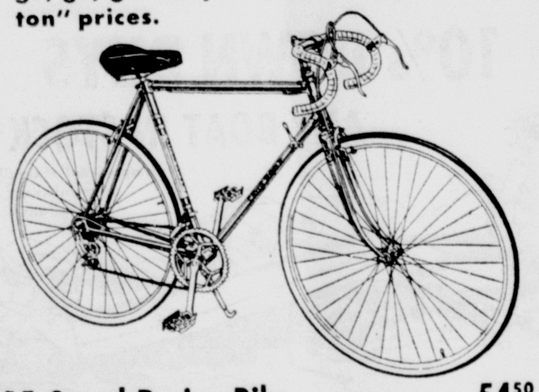

Olsson would simply add one page to the commute books which would briefly outline the car pool program and request the necessary information be sent by mail.

Setting up such a clearing house could raise a "potential liability for the bridge district, attorney Jerome B. White warned. Directors took his advice and decided to ask Olsson to get local help.

FEATURED THIS SATURDAY

This weekend's performance of the Mountain Play, "Rough an' Ready," has a Nevada setting during the era of the Gold Rush. But Marin, too, has had its seekers of the rare yellow metal. Your Marin Magazine will tell you tomorrow about some of those quests—and how they turned out. It is a timely bit of Marin history that should help you get in the mood to enjoy the colorful spectacle of the 49ers atop Mt. Tamalpais on Sunday.

No group of Marin gardeners is more enthusiastic about their hobby than the orchid growers. They find the exotic blossoms they tend an especially rewarding product of their labors. The Independent-Journal's weekend supplement tomorrow will tell you about one of those hobbyists, Mrs. Paul O'Flaherty, and her collection of orchids. It will also report on the Marin Orchid Society, to which Mrs. O'Flarety and many other Marin growers belong.

Homes On Tour At Peacock Gap

There will be a chance for Marinites to sample a variety of styles of "Country Club Living" at the Wednesday house tour of six homes at Peacock Gap Country Club, from 1 to 4 p.m.

The tour, which is sponsored by the Peacock Gap Garden Club, will culminate in a tea at the clubhouse, announced the chairman, Mrs. James Graddy.

The homes have been selected for their architectural and interior design as well as their setting. Flower arrangements by the garden club members will be a feature at each home.

Mrs. Frank Dill, ticket chairman, has announced that tickets are available from her or at the clubhouse, as well as at any of the homes during tour.

Houses on tour are:

Mr. and Mrs. George Thomas, 32 San Marino Drive. The Thomas home takes advantage of their spectacular view site. The living room, family room and open kitchen are separated by a double fireplace wall and surrounded on three sides by floor to ceiling windows. The outstanding feature of this home is their attractively landscaped Japanese garden patio, complete with pond and Japanese bridge. Mr. Thomas' redwood fence has neither nails nor posts.

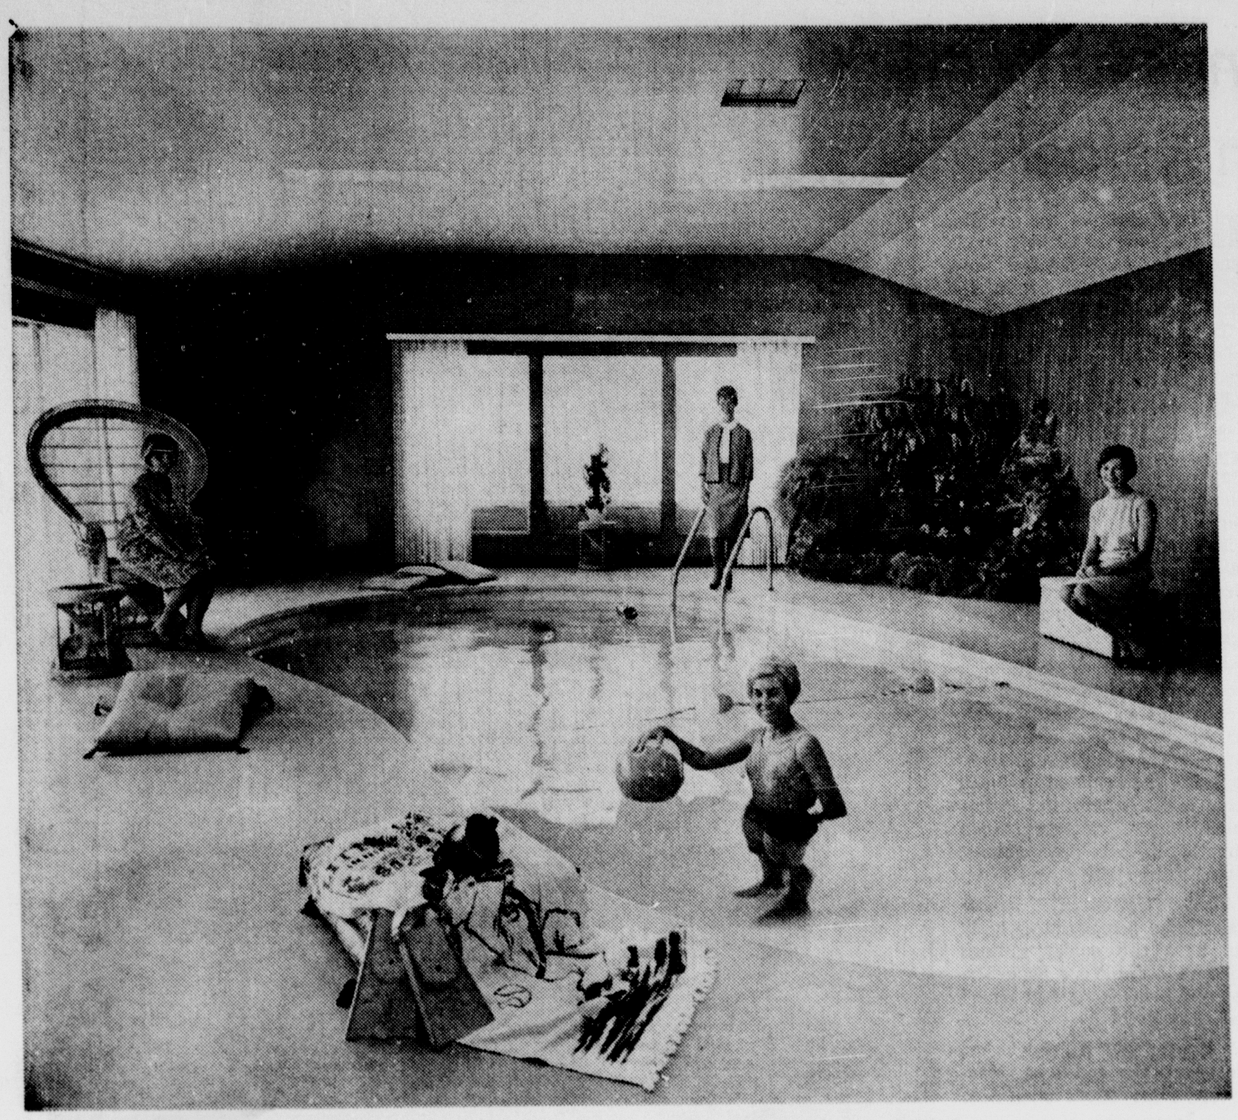

Tree-Top Model Home, 173 San Marino Drive. The Tree-Top model house is built on a steep hillside on a foundation of chemonited tree poles, giving the homeowner a dramatic view from the tree tops.

Mr. and Mrs. Joseph Messina, 279 Riviera Drive. Located on the golf course, the Messinas had their home built from plan worked out by Mrs. Messina. The outstanding feature of this home is their indoor swimming pool.

Mrs. Roberta Menke, 136 Fernwood Drive. Mrs. Menke and her daughters, Jan and Linda are ready to enjoy the beauty of their home and its setting. Linda, her eldest daughter, is studying interior decorating and assisted both in the decorating and design of the house, which is Oriental in feeling.

Mr. and Mrs. Toby Perry, 205 San Marino Drive. The residence of Mr. and Mrs. Toby Perry, sometimes called, "The Hanging Garden House", is outstanding for its oriental design. Its openess of exterior window walls, giving a breathtaking view, however, through its elevation and detachment, still provides its owners with privacy. The Perry home is probably the most eye-catching in Peacock Gap. The nearly completed swimming pool and rumpus room will add to the enjoyment of this home.

Mr. and Mrs. Gene Baumgarten, 168 Peacock Drive. The Baumgarten five bedroom used brick home, situated on the golf course, was built around an atrium. The exceptionally large master bedroom is on of its most outstanding features. Another is the separate guest suite with its own living room.

AN ALL-YEAR indoor swimming pool is an outstanding feature of the Joseph Messina home at Peacock Gap which will be among the six on tour Wednesday afternoon. The family room also boasts a large indoor barbecue for the couple's enjoyment of grandchildren and entertaining. Hostesses will be Mesdames W. C. Campbell, Eugene Hawkins, George Thomas, Mel Malloy, Milton Cerf and Will Johnston. From left are Mesdames Reginald Jones, James Graddy and William Walsh, with Mrs. Hawkins in the pool.

THE ORIENTAL GARDEN of the George Thomas home will be one of the main attractions on the tour, complete with pond and Japanese bridge. The redwood fence built by the owner is in harmonizing wood and boasts no nails or posts. Louvered air vents separate each six foot section. At left is the hostess, Mrs. Thomas, with Mrs. John Zimmer. (Independent-Journral photos by Jim Kean)

West Marin Master Plan Hearing Monday

First hearing on the West Marin Master Plan will be held by the Marin County Planning Commission Monday.

The plan is item 13 on an agenda of 17 items for the meeting opening at 9 a.m. at the Civic Center.

The West Marin plan, prepared by Dan Coleman and Associates and Mr. and Mrs. Harold Summers, suggests a formula for residential density based on the slope of land.

This concept has brought little criticism, but other proposals have. Several West Marin residents have questioned the proposal to put the alignment of Shoreline Highway along the east shore of Tomales Bay, claiming that it would block access. A road along the ridgeline has been suggested instead.

The plan for motels and restaurant and other commercial development in and around the Olema flood plain has also drawn criticism.

At least one more hearing on the plan will be scheduled after Monday's session.

As the last item on the agenda, the planning commission is scheduled to discuss again the idea of a board of design. Marin County supervisors asked for a report on the suggestion.

The commission is also to consider the tentative map for the Silver Hills subdivision, an 89-acre tract south of Balboa Avenue next to Point Reyes National Seashore. Applicant Jack Stockstill asked continuance two weeks ago to refine proposals on sewerage and water supply. Silver Hills is number 9 on the agenda.

Americans will spend $350 million for paint to refurnish the exteriors of their homes this year.

Mentally Retarded 'Challenge To Clergy'

Rev. W. Moffat Dennis, chaplain of Sonoma State Hospital, will speak on "the challenge to clergy regarding the mentally retarded" at San Rafael Recreation Center at 8 p.m. Monday.

The meeting is sponsored by Marin Aid to Retarded Children in cooperation with the Marin County Council of Churches.

Now, Partisan Politics Get Into Civic Center Balloting

Good intentions cannot justify the indiscriminate mixing of partisan politics with local, non-partisan issues.

Last month, a Republican group brought its partisan weight to bear on the Tamalpais unification issue. Now, a Democratic organization has taken a stand on the coming Civic Center bond issue.

The Marin Council of Democratic Clubs last week listened to a plea from a representative of the Civic Center bond committee and went on record in favor of the $7,750,000 bond issue.

The backers of the bond issue, we believe, erred in sending a representative to the political meeting to look for partisan support.

At the same time, the Council of Democratic Clubs was also indiscreet in rising to the bait and going on record in favor of the bond issue. The Council would have been wiser to steer clear of the bond issue as a political organization, leaving members of the Council to act as individuals.

When a Republican group meddled in the Tam unification issue last month, it defended its action on grounds that it was concerned, not with the educational merits of unification but with what it considers the "abridgement" of a person's voting rights.

At that time, the Democrats deplored the injection of partisanship into the Tam unification issue.

Now the Council of Democratic Clubs finds nothing wrong in lending its name to the drive for Civic Center bonds. The Democrats will undoubtedly come up with an explanation of just why the Civic Center bond issue merits partisan political attention whereas the Tam unification question did not.

If each political party is to inject itself into non-partisan local issues each time it feels so inclined, then we might as well declare open season on all local issues and invite all political parties to fire away on any topic.

Then you would find partisan political pressures brought to bear on elections for the local water district or school board, or for local bond issues.

A clear cut line must be drawn between partisan and non-partisan issues, and that line respected as inviolate.

Any party or group that uses lame excuses to bend and muddy up that line of demarcation will only serve to add confusion and chaos to non-partisan elections.

Those Dangerous Aerosol Cans

More than a billion aerosol cans will be produced this year in the United States, containing everything from whipped cream and insecticides to paint and hair spray. By 1970 the number of cans produced is expected to exceed two billion.

We regard them as very handy gadgets and a boon to mankind, but they can be quite dangerous. Care should be taken to keep them away from fire or heat. The great pressure inside the cans makes them as potentially dangerous as a hand grenade. For example, a young housewife, mother of two children, was killed when an aerosol can exploded recently.

Before you throw an aerosol can of anything away, empty it completely and never put it in a fire or an incinerator. And you ladies, don't smoke while you spray your hair. Hair sprays are lacquer dissolved in alcohol and are highly flammable.

McCarthy Has Good Reason To Fight Over Remapping Plans

By WAT TAKESHITA

Takeshita

OSTENSIBLY, the problem of State Senate reapportionment is to:

(1) Divide the state into Senate districts of more or less comparable population (the ideal average being 393,000); and (2) do so with the least amount of disruption to county boundaries and communities with similar interests.

But the senators themselves are much more concerned about what the realigned districts would do to their jobs, and how the new lineup will affect their chances for re-election.

Marin Sen. John F. McCarthy, a Republican, is putting up the loudest scream, and no wonder. He's got a lot to lose.

RIGHT NOW, he represents only Marin County. Marin has a Republican registration edge, one of the few counties in the state that is not heavily Democratic.

Now, they're trying to toss in Napa and Solano counties with Marin County. If that happens, the total voter registration will swing heavily Democratic (102,400 Democrats to 72,500 Republicans). While a popular Republican like McCarthy could still win against those odds, it won't be as easy as in the past.

If Marin and Sonoma were lumped together into one Senate district, the disparity in registration wouldn't be quite as big—88,000 Democrats to 77,000 Republicans.

TOM SKORNIA of Ross and Joe Forest of Novato put on a close battle for chairmanship of the Marin Council of Democratic Clubs.

Skornia finally won out, with a margin of only a few votes. And that margin probably came from the Young Democrats, the 15- to 17-year-olds who, under the California Democratic Council rules, are entitled to full adult votes.

Marin Republicans once again hold key roles in the state-wide organization.

Of 29 voting members on the important Rules Committee of the Republican State Central Committee, three are from Marin:

GERALD E. MISNER of Sausalito is the committee secretary, and Sen. John F. McCarthy and Assemblyman William T. Bagley are committee members.

By the way, Assemblyman Bagley and his secretary, Diane Oldham, are planning a quiet wedding down Carmel way, probably in June.

Henry MacArthur of Capitol News Service, who had been ailing for several weeks, has been hospitalized for checkup and observation. He'll be out for a couple of weeks. We wish him a speedy recovery.

E. J. Thomas of Tam High School District took nine foreign exchange students on a tour of the State Capitol this week.

THE NEWLY formed California Republican League makes no bones about its emphasis on moderation and on building a "broad spectrum of middle-road Republicanism."

Students Help Rights Movement

Editor, Independent-Journal:

A group of students at Tamalpais High School, concerned with our need for fast, dependable cars and trucks in civil rights work in the South, have been soliciting contributions for the Parents-Mississippi Association's $50,000 drive for transportation.

There has been a very good response on the part of some people. But other people in this county who are opposed to the efforts of people in this country to gain their civil rights have been guilty of depriving these students of their rights to actively participate in the Movement. These people have made threats of getting these students arrested for trespassing. In my opinion these people are proving that they are as bigoted and as sympathetic with the Klan as people in the South that are also actively trying to destroy the Civil Rights Movement.

I am very proud of these students and I know that without the efforts of people like them there would be no Movement and no efforts made in this country to make the dream of Freedom come true.

Citizens Must Stop Spending

Editor, Independent-Journal:

I have just received notice from the county assessor that the assessment on my home has been raised . . . 47 per cent. . . .

This is not the assessor's fault. He is abiding by the law. . . .

The people of Marin are the ones responsible for the increases. . . . The citizens want new, enlarged, improved schools, parks, playgrounds, roads, civic centers, cultural centers, and too many other things to mention besides handouts of all kinds. They want them all NOW. . . .

Every citizen kids himself if he gets out of the Government what he wants, he is that much to the good and the people generally pay for it. By the time one set of citizens get their fancy schools and another set get their parks and another set get their roads and another set get their Government handout, I'll tell you what they get.

They all not only get their pet project but they get increased assessments and increased taxes to pay for it. . . .

If the citizens of Marin keep demanding this, that and the other thing, let them go to it and pay the necessary taxes. I'll move to Nevada or Mexico.

. . . The mayors, governors, president, boards of supervisors, assemblymen, congressmen, senators cannot stop the spending if the citizens demand it. Only the citizens can stop the spending and the citizens had better hold up in their demands for things costing money or pay the taxes and like it and not grunt and groan and grouse around.

'Front Door' Plan Scuttled

Editor, Independent-Journal:

I am enclosing the drawing and article describing the plan adopted for the "front door" to the city of San Rafael that was published in the Independent on May 11, 1961.

This plan was made by the Dan Coleman Engineering concern. . . . It met with unanimous approval and acclaim.

. . . People would like to hear from their city council, many of whom (and at least ONE too many) are still members . . . as to just how, why, at whose instigation and what the consideration may have been . . . that caused this whole adopted plan for the "front door" to San Rafael to be sunk into the well of oblivion.

The peoples' money was spent on all this engineering. . . . They were pleased and happy at the "accomplishment" their mayor and city council had completed toward beautification and flood-control for their city. That is, ALL BUT perhaps a few, two or three; who might have been very close to what we understand is "on the inside" and could see for themselves advantage in its being sabotaged.

Let's not run off to Fresno to "look at" a six and one-half million dollar "mall" just after kicking this down the drain for some unexplained reason.

Student Tells View Of Petty Criminals

Editor, Independent-Journal:

I am a student at San Rafael High School and I agree fully with the article " 'Petty' Wrongdoings Are Bad Examples For Youth." But I think that they should not only try to correct these wrongdoings for example's sake, but for everyone involved. If they would be a little more watchful and not commit wrongdoings, I feel that the accident rate would go down.

Teen-Agers' Good Works Publicized

Edtor, Indpendent-Journal:

In the light of what seems to be an ever-increasing number of pointless and misanthropic activities of Marin teen-agers, we should like to mention a recent activity of another nature . . .

On Monday morning, within a week of the morning on which the Vallecito teachers arrived to find their school walls plastered with obscenities, the mothers of the Terra Linda Co-operative Nursery School found, upon their arrival, that teen-agers had been active at their school, too . . .

The children's double slide, recently broken, and of great concern to the mothers, had been neatly repaired . . . Other general repair and maintenance work had also been done. This was . . . the work of the Terra Linda Recreation District's Teen Club, who . . . took some of their funds raised through weekly teen dances . . . and quietly and efficiently gave the Nursery School a helping hand.

To the more than 100 members of this group in particular, and to the countless other young people in the county whose time and energy is expended on such purposeful and creative projects, we extend our warmest appreciation.

TRY AND STOP ME

A COLUMNIST tells of the American exporter who was at the airport, bound for Paris, when he remembered he had failed to equip himself with some negotiable French currency. He phoned his brand new secretary, "Get me $50 worth of francs and hightail it out here." She arrived breathlessly 20 minutes later with 200 hot dogs.

LOQUACIOUS Vice President Hubert H. Humphrey won the hearts of all the ladies at a Women's National Press dinner when, on the eve of Inauguration Day, he told them, tongue-in-cheek, "President Johnson has given me only two instructions for the next four years. No. 1 is that I must keep my eyes open. As for No. 2—well, I don't think I have to mention that!"

Communists Receiving Setbacks In Three East Africa States

NAIROBI, Kenya—The cause of communism on this uncertain and malleable continent is receiving a sharp setback.

The best clues to what is happening are in the three East African states of Kenya, Uganda and Tanzania, which only a few months ago seemed to many to be getting ripe for Communist control.

NOT SO TODAY. They are moving visibly out of the range of Communist domination, whether Soviet or Chinese. They are determined to stay non-aligned, and they are taking new steps to make sure that this includes being non-aligned with either Moscow or Peking.

They are showing little interest in Marxist theories.

The focal point of this new trend is here in Nairobi where President Jomo Kenyatta, the most effective and influential political leader in East Africa, has just taken actions which show he does not want Kenya or its neighbors caught in the net of either Soviet or Chinese communism.

OBVIOUSLY, one quick gesture of Kenyan self-assertiveness would not in itself prove that President Kenyatta is countering all outside pressures. But the sequence of recent actions—all aimed to the same end—leaves little doubt where things are headed. Here is the evidence:

1. The Kenyan Ministry of Defense rejected as patronizing and unwanted the Soviet gift of a shipload of outdated secondhand weapons with which to "modernize" the Kenya armed forces. The weapons were docked, inspected and reloaded on the Soviet freighter Fizik Lebedev and sent home with a polite but firm "no, thank you."

2. And so, very quickly, were the 17 Russian technicians who accompanied the obsolete Soviet weapons to demonstrate their use.

3. President Kenyatta, with the nearly unanimous vote of the House of Representatives, took over in behalf of the government the Lumumba Institute, named after the late pro-Communist Congolese leader, because the institute, which had come under the influence of two Soviet professors and a large number of African teachers trained in Moscow, was steadily turning itself into a pro-Communist propaganda and indoctrination center.

4. Finally, at the initiative of Kenyatta and his able lieutenant, Tom Mboya, minister of planning and economic development, Kenya has just published an economic manifesto outlining a concept of "African socialism." It shows no taint of communism.

IT ACCEPTS wide areas of private enterprise. It shuns nationalization of industry as a panacea for economic ills. I would say that it stands about midway between Lyndon Johnson's Great Society and the conservative wing of British socialism.

Tanzania, Uganda and Kenya don't intend to be anybody's satellite and that will be good for Africa.

INSIDE WASHINGTON

Foreign Claims Law Might Cost $1 Million

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — It looks as if it's going to cost U.S. taxpayers $1 million because the State Department is deliberately thwarting a congressional order it doesn't like.

This obstructionism is evoking no complaints from bombastic Fidel Castro. Following are the details:

LAST YEAR Congress overwhelmingly approved a bill, sponsored by Rep. Dante Fascell, D-Fla., directing the Foreign Claims Settlement Commission to process the claims of all U.S. nationals and companies against Communist-ruled Cuba.

More than $1 billion in U.S. property and assets has been seized by that Red regime. Estimated cost of the claims processing is $1 million.

To pay for this, Congress stipulated in the Fascell measure that funds from frozen Cuban assets be used. These blocked Cuban assets total $148.8 million.

BUT STATE Department bureaucrats, who strenuously opposed enactment of the Fascell bill, have completely obstructed its enforcement — with the help of President Lyndon B. Johnson. This law scuttling has been pulled off simply by sitting tight and doing nothing.

At the instigation of the State Department, the president has taken no action to convert enough of the frozen assets to provide the necessary money for processing the thousands of claims. No move has been made to designate either an official or an agency to do this job.

As a consequence, the three-member claims commission, headed by Edward Re, one-time New York law professor, has been unable to do anything. Its hands are tied.

WITH NOTHING being done, the worried claimants are again putting heat on Congress—which suits the bureaucrats just fine, as there is only one other alternative, the one they have favored from the start.

This is tapping the U.S. Treasury for the $1 million — that is, the taxpayers. The $148.8 million in frozen Cuban assets would remain untouched.

Last week Fascell and Sen. George Smathers, D-Fla., quietly introduced a new bill for the processing of U.S. claims against Cuba — but with one significant difference. This time the legislation provides that the funds come from the Treasury.

FATE OF THIS measure is conjectural. But it's a pretty good bet that in the usual closing rush of Congress, the bill will be shifted through. The administration can be expected to do its utmost to pull that off.

Among the hundreds of U.S. firms with heavy stakes in the Castro expropriations are some of the biggest names—Standard Oil, International Business Machines, International Telephone and Telegraph, Chase Manhattan Bank, Sears and Roebuck, Reynolds Aluminum, and scores of textile, sugar, tobacco and insurance companies.

Of the $148.8 million in frozen Cuban assets, Treasury authorities claim only about half can be liquidated, and of that some $60 million converted to cash.

Approximately $20 million of the $60 million is owned by the Cuban government. Of that, the Treasury estimates $15 million is convertible. The other $40 million consists of private Cuban assets and deposits in U.S. banks.

DEPUTY BUDGET Director Elmer Staats has been offered the job of head of the General Services Administration (principal purchasing agency of the government), but hasn't decided whether he wants it. President Johnson is trying to induce Staats to take it, but with no luck so far.

The Senate Internal Security Subcommittee's long-awaited publication of the testimony in the Otto Otepka case is now slated for around June 1. The last roadblock to publication was recently cleared when William Crockett, deputy undersecretary of state for administration, was grilled for more than two hours at a closed-door session.

We Interrupt This Program To Bring You... The President

WASHINGTON — President Johnson has been going on television so much lately that it isn't too far fetched to predict that in the near future the networks might announce, while the president is speaking, "We interrupt this **regular** program to bring you an important announcement."

It is no secret that the networks are very upset about the president asking for time on short notice to address the American people.

SEVERAL compromises are trying to be worked out between the White House and the three major networks. One of them has been to offer the president his own show. The White House is interested, providing the president can get prime time, but the networks want to put him on after Johnny Carson.

Also the format of the show has to be worked out. One network has offered to call the program "I've Got a Secret." It would be a panel show and the panel would have to guess where the president was going to send the Marines next.

Another network wants the president to appear in a situation comedy titled "I Love Luci" and dramatize the problems of a typical American family whose father happens to be president of the United States.

THE THIRD network wants to call the show "Have Guns —Will Travel," which would be a Western with most of the action taking place at the LBJ Ranch, and the Pentagon.

So far the president hasn't agreed to any of the formats. He also is against a regular time slot because, if he went along with it, he could only appear on TV once a week, and this could become too confining.

SEVERAL aspirin companies have put in a bid for the time and so have insurance companies. The only ones who definitely said they weren't interested were the electric light bulb companies.

Another problem is the question of ratings. The White House is aware that the networks will drop a show without hesitation if the ratings are low. So they're demanding some guarantee from the networks that they won't cancel out after the first 13 weeks, particularly since President Johnson's term has three and a half years to go.

FINALLY, there is the question of the Early Bird satellite. If the European networks clear time for President Johnson on their stations then the American networks will have to clear time for the European leaders.

Between Chancellor Erhard, Prime Minister Harold Wilson and General de Gaulle, the networks are frightened that they may not have any audience left.

The president has already told the network bosses:

"Ah didn't put it up there just to look at it, and any time Ah want to Ah can have the Air Force shoot it down."

Fog Comes In With Security, But Poet Makes You Wonder

THE FOG'S IN. It's really a security, you know. You look out the window in the morning and there it is slipping over Throckmorton Ridge down into the canyons.

We called Ismaele (Smiley) Bianchini at Bolinas and asked how the weather was. "Foggy," he said, "but lifting." Asked if he can fish in the fog, he said, "Sure. Why not? When it's foggy, the fish bite better." Right now it's perch, cappezone, red and black snapper, he said.

Sausalito artist Enid Foster has a "Mother's Day icon show" at the Tides, held over by popular request. It is a collection of boxes, with faces, and a hat here and there. Balloons, as in cartoons, say: "Why am I always in the kitchen?" and "It is always war or peace at the price of war."

IT'S SURPRISING how many people think of war although they never mention it. We met Don Stevens, builder and poet, the other noon, who said he has written a new ditty. It is, in part:

"Oh, vote for good old Woodrow. He kept us out of war and he's the lesser evil. So hooray!" second verse: "Oh, vote for good old Harry. He loves the atom's roar but he's the lesser evil so they say." Next verse: "Oh, vote for good old Lyndon. He seeks no wider war. And he's the lesser evil of today." Last verse: "Oh, vote for good old capital and war forever more. If that's the lesser evil, let us pray."

Lt. Jerry Wolfram, a wonderful young air warrior who lives on the mountain with wife and four sons, dropped in on Tuesday. Young and vital, he said he likes it on the mountain. His children come down it every day. They attend school at Alto, on Saturday they go to catechism, and on Sunday to mass. "We wanted five, mixed," said Jerry, "but when we got all boys we decided to stop at four."

ANOTHER MAN dropped in this week. We get a lot of walk-in trade. He said he was from New Jersey and with him was his teen-age daughter.

He said he wanted to place an ad to find a home and that real estate men had said he should look for something near Redwood or San Rafael highs. Starting to place his ad, he asked, "Say, what's the matter with Tamalpais High anyway?" He was told it's integrated and replied, "What's wrong with that?" Then he changed his ad.

We have seen women smoke cigars, dogs sniff the dias and people being arrested in city council chambers but, for the first time, Tuesday night we found a man reading a spy thriller in the Mill Valley chambers during the planning commission meeting.

HE SAID he is Eugene Wedell, a Sausalito architect. He was reading "The Tired Spy" by David Stone in a dark alcove at 11 p.m. "I knew we were late on the agenda," he explained.

Tony Piarci has installed 23 cement stairs in front of his property on what are called the "Library Steps" of Mill Valley — a throughway from Lovell to Bay View. Could he erect a sign next to the sign, "Not City Maintained" reading "Tony Piarci Maintained"?

Daisy Saville, former Mill Valley resident who used to always fly through town being pulled by her large dog, Buttons, telephoned from her new Fairfax home saying she has found a "mysterious, spooky tree" in Fairfax.

PRESSING HER for more information, which was unnecessary, she said it is in a wilderness near Deer Park School, where the trees hang heavy with moss. "I have seen skeletons around here, not deer skeletons," she continued.

She said the tree appears to have stuffed animals or a man in the tree which she believes to be artificial.

"It's full of faces, ugly faces and not so ugly," she added. Asked how to find the tree, Miss Saville advised that one takes a Marin Municipal Water District path from the school area to a large meadow. "Here are all kinds of big, huge pipes. Then there is an overturned picnic table. The tree is right there."

COUNTY COMMENT

By WILLIAM D. (BILL) FUSSELMAN

Supervisor's Thinking Wrong Concerning Use Of 'Our Money'

FUSSELMAN

THE SUPERVISOR, who is -concerned about the proper ratio of contribution between county and city governments to promotional fund activities such as chambers of commerce, etc., has fallen into the same trap of thinking as some of the supervisors who were on the board when I first became a member. They would discuss "our money" and control of "our money" when any help to a city or cities was under consideration. Here is the fallacy of such a viewpoint:

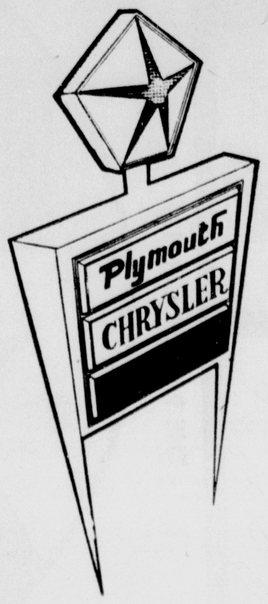

The taxpayers in the cities of the county pay 63 per cent of the taxes collected, which are under the control of the supervisors (the general fund) and the taxpayers in the unincorporated area pay 37 per cent. There is a provision in state law which authorizes boards of supervisors to put a specific percentage in the rate for publicity and exhibitions. So you see the city taxpayers pay the major part of any tax for such purposes as it is.

HERE IS MORE of the paper our assessor prepared in 1964 —"THE STATUS OF THE LIEN ON PROPERTY FOR DEFERRED TAXES: Normally, unpaid property taxes are a first lien against a property. What about funds loaned by the state to the property owner which he then uses to pay property taxes? Where should this obligation stand in relation to any mortgages presently existing which are liens against the property? — The mortgagor, or lender, is vitally interested in seeing that borrowers meet their tax obligation on property under mortgage. Delinquent taxes lessen the worth of the security since they are a prior lien.—It will take expert legal and financial advice to determine if the funds advanced by the state constitute a lien prior or after real estate loans existing at the time of application for tax deferral. Consideration would also have to be given to the matter of officially recording approved applications for tax deferral, for reference by the title insurers and lenders in the event title changes or refinancing takes place. The tax collector would probably have to maintain, for public reference, a record of accrued taxes deferred.

"LIMITATION ON ENCUMBRANCES AND RESIDENCE PERIOD: — Again, depending on the desires of the people, as expressed through their lawmakers, how far should you go in safeguarding the state's ability to recoup its advances —and, is it intended that older people can come into the state tomorrow, buy a home, and get tax deferral.—Our suggestion is that an applicant's dwelling property cannot have encumbrances outstanding in excess of 50 per cent of the cost of acquisition of the property to the applicant. Another is that the applicant be a resident of the state for the past 10 years.

"SUMMARY — As we have already experienced with the veteran's exemption, it is very difficult to write legislation that fulfills the real intent of the benefits and is still capable of efficient, fair and economical administration. What you want to accomplish is one thing—how to accomplish it is another.—The writer is 'sold' on the plan in principle, and yet finds himself unable to come to any set conclusions to recommend for its execution. The closer we get to the intent, the more involved we become in red tape."

ASSESSOR'S "SUMMARY" will be concluded next week.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

A Simple Unblocking Play Allows You To Make Slam

A simple unblocking play, never made by the average player, is second nature to the expert.

Once you learn it you can make it without thinking, just like your favorite big-name star.

South ruffed the second round of diamonds, also with the five of spades.

READ COLUMN

If only he had read this column he would have ruffed with the nine of spades. The difference was considerable.

South continued with the king of spades, discovering the bad break. He cashed the queen of spades and then led the nine.

West was alert enough to cover with the jack, forcing declarer to win the third round of trumps in the dummy.

LAST TRUMP

Declarer could not afford to draw the last trump since he was in the dummy for the last time and had to try the heart finesse.

One heart finesse was not enough, and West ruffed the second heart, defeating the slam.

South lost his slam when he ruffed with a low trump at the second trick. Try playing the hand after ruffing the second diamond with the nine of spades.

CASH KING

You cash the king and queen of spades and then lead the ten. If West plays low, you let the ten ride and win the fourth trump with dummy's ace. If West covers with the jack, you win the third trump with the ace and the fourth with dummy's eight.

In either case you draw four rounds of trumps ending in the dummy. Now you can lead the nine of hearts for a finesse, continue with the queen of hearts and then with a low heart.

You take the entire heart suit without fearing a ruff by West.

DAILY QUESTION

Partner opens with one club, and the next player passes.

You hold:

♠ A 8 4 2
♥ Q 9 7 3
♦ K J
♣ J 10 9

What do you say?

Answer: Bid one heart.

With two four-card suits, respond in the cheaper. If partner has hearts, he can raise at once. If he has spades, he can bid them at his second turn, and then you will raise. Either way, you will discover a fit in a major suit if there is a fit to discover.

Six-Sided House Is Seldom Found

PEMBROKE, Mass. (UPI) — Eight and 12-sided houses are fairly numerous in the United States. But one of the very few six-sided houses stands here.

Known as the Hex House, it was built in 1853 by one William Young.

MOST OF THE BEST FOR THE LEAST

This NEW 3 BR, 2½ bath split level is the epitome of good design, top quality construction and materials (i.e. Schlage, Tappan, Moen, Honeywell), plus the amenities that make a house a man's CASTLE!! in the living room, the formality of a vaulted ceiling has been combined with massive rafter beams. Special attention has been given to the detailing of the unusual fireplace and cabinetry on either side—enough for a library of books. The glass wall of the formal dining room and living room opens onto a commodous sun deck. The vista is of a live stream, oaks and redwoods. A fully illuminated ceiling and deluxe appliances make this kitchen a housewife's delight!! The master bedroom suite has its private deck, walk-in closet and elegant bath. This man's castle is fully insulated, it's expandable—the yard is landscaped. Truly a CLASSIC OF QUALITY!!

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Over-Breathing Might Cause Symptoms Like Heart Trouble

VAN DELLEN

Anxiety is the most frequent cause of hyperventilation. Symptoms occur because the victim breathes rapidly and loses too much carbon dioxide from the body.

It is normal to sigh or breathe deeply when under stress. When it is repeated because of continuing anxiety or when it becomes a habit, signs of hypertension develop. The individual becomes light-headed, tired, and may develop a sensation of suffocation. This may be followed by numbness and tingling of the arms and legs, along with dizziness and blurred vision. By this time the victim is frightened and breathes deeper and faster. Chest pain, muscle spasms, and fainting may follow.

DR. HUGH K. SEALY of Macon, Ga., told of a middle-aged man who developed chest pain and blacked out after an episode of over-breathing. The distress was mistaken for a heart attack and he was hospitalized for eight weeks and out of work for three more months. He developed a second attack several months later and a similar diagnosis was made. He was retired at age 43 as completely disabled.

This did not solve his problem because anxiety is more acute when there is nothing to do. The chest pain was not typical of cardiac distress and always preceded shortness of breath.

HE WAS NERVOUS with sweaty palms, dilated pupils, and frequent sighing. All the heart tests were normal. Dr. Sealy then conducted the acid test for hyperventilation. He asked the man to breathe deeply for a short time and his pain was reproduced within a few minutes. This took place in the office and was not associated with exertion, occupation, or excitement. Further questioning revealed that his first attack ocurred while he was having marital difficulties that ended in divorce.

Breathing into a paper bag prevents the loss of carbon dioxide and usually aborts symptoms. Permanent relief follows treatment of the basic emotional problem.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

BONE MARROW

B. R. writes: A neighbor has become ill and says her bone marrow is drying up. Can you give some information on this condition?

REPLY

"Drying of bone marrow" is a lay term for a variety of blood disorders. I've heard the expression used to describe pernicious anemia and aplastic anemia. If the function of the bone marrow is deficient, abnormalities of blood cell production may occur.

LIVER CONGESTION

J. S. writes: What are the symptoms of liver congestion?

REPLY

The distress varies from a constant ache to colicky pain in the upper part of the abdomen. It is caused by stretching of the capsule that surrounds the liver. There is very little discomfort after the capsule is stretched, provided the liver continues to be enlarged because of congestion.

CONVULSIONS WITH FEVER

Mrs. N. writes: My 4 year old goes into convulsions when running a high temperature. Can you tell me why? The children of my friends do not have convulsions with fever.

REPLY

The fever-convulsions, combination in young children is relatively common and is the equivalent of a chill in an older child or an adult. Heat is the primary cause.

ITCHY TOES

A reader writes: I have a terrible itching betwen my toes. What could this be?

REPLY

Ringworm, perspiration, or an allergy to a substance in the shoes or hose.

NO BAR

A. B. writes: Is marriage inadvisable after a hysterectomy?

REPLY

No, but it is only fair to tell your fiance you will not be able to bear a child.

MARSHMALLOW HEART

C. J. writes: I cry very easily over anything sentimental, on TV or otherwise. Hence my experience with tears. I thought tears always are salty. I discovered mine are as tasteless as clear water. Is there a reason for this? I am 67 and in very good health.

REPLY

I suspect the tears are still salty but your taste is not so acute.

TELEVISION REVIEW

Will Early Bird Conquer Hicksville?

By RICK DU BROW

HOLLYWOOD (UPI) — Nothing will expose the paralyzing split personality of network television programming like the new Early Bird satellite, which has opened the door to round-the-clock international video broadcasting.

At present, the networks operate on two levels. The news and public affairs people, of course, are mature, seasoned and adult for the most part. On the other hand, the entertainment departments, with only are exceptions, are generally provincially-oriented — hickish, if you will — in the overall tone of their shows.

Now comes Early Bird. And unless the network entertainment staffs decide that they are not going to risk the solid foundations they have built on provincialism — and keep overseas broadcasts in their field at a minimum — the split personality will be exposed like a neon sign. For suddenly the televiewer who has been weaned on the hick video level, and has undoubtedly been affected by this hick programming — even though he is probably not a hick — will be forced to adjust to an international view.

This is a large and rugged jump in terms of adjustment. American network television entertainment in recent years has hardened and descended in its series forms, and there could be an upheaval similar to the one that hit Hollywood movies when foreign films suddenly shocked motion picture - goers into realizing what they had been missing before the imports. This caused nothing less than a revolution in American film - making. I do not mean to suggest, however, that we can look forward to Brigitte Bardot via Early Bird.

Network entertainment series have so hardened in concept that they have lost contact with the times in terms of what is really happening with their viewers. The blessing of Early Bird is that its technological sweep may simply predetermine the course television must follow.

THE CHANNEL SWIM: NBC-TV will present the first live color coverage of a space flight launching next month when the two-man Gemini craft is sent aloft for its planned four-day mission ... On Monday, NBC-TV offers the first live transatlantic color program via the Early Bird satellite — from London, at 7:30 p.m. EDT, for a half hour ... A trade paper says that Bing Crosby, whose ABC-TV situation comedy program bowed in this season and was canceled, has ideas about returning in a series in the 1966-67 go-round ... CBS-TV finally made it official that "Rawhide" will have a Negro regular next season.

MARIN FILM FARE

'Major Dundee' Showing; 'Hush, Hush' Is Opening

By LES DARD

Here's what's in store for the viewer at Marin movie theaters this weekend:

RAFAEL THEATER

"Major Dundee," starring Charlton Heston and Richard Harris, is now on screen.

The setting is New Mexico territory, the year 1864. Apaches slaughter a troop of cavalry, leaving the bodies hanging by the heels and strewn about the landscape.

At a nearby prison fort, Major Dundee decides to take action. He pulls together a ragglе-taggle troop of cutthroats, renegades, Union soldiers and a half-dozen volunteer Confederate prisoners with their captain.

The disorganized group chases Indians into Mexico and there is forced to fight not only the Apaches, but Maximilian's French Army. They save a town from being ravaged and thereby win both a fiesta and a respite.

NOVATO THEATER

"Hush . . . Hush, Sweet Charlotte," starring Bette Davis and Olivia de Havilland, opens Sunday.

Many years after the meat cleaver murder of her lover, Miss Davis has settled into life as an imbittered, friendless recluse.

When some highway officials want to run a freeway through Miss Davis' old mansion, she's agin' it. Townspeople think this is because she's afraid the diggers will turn up old bones.

Miss de Havilland plays her chic cousin, and Joseph Cotten an old beau and advisor.

Co-featured is "Fate is the Hunter."

MOTOR MOVIES

Here's a strong double bill, playing only tonight and tomorrow night:

"Fail Safe" is the deadly serious story of a nuclear doomsday, and an exploration of the machines has made, how far they have gone, and how far man is willing to let them go.

Henry Fonda stars, Dan O'Herlihy, Walter Matthau and Nancy Berg have major roles in the gripping story of a fleet of nuclear bombers accidently sent against the Russians by a confused computer.

The other feature is Walt Disney's "20,000 Leagues Under the Sea."

101 DRIVE-IN

Now showing is "The Americanization of Emily," story of an unheroic hero in World War II who becomes a real hero despite himself.

James Garner has that role, but the more outstanding member of the cast is Julie Andrews. Garner plays an aide to a nutty admiral, Melvyn Douglas, who's fighting a private war with the Army.

TAMALPAIS THEATER

"Return to Peyton Place" is a sequel to the highly successful "Peyton Place." Both stories, originally written by Grace Metalious, are now playing here.

In the sequel, Carol Lynley plays Allison, a young beauty who writes a novel about her home town, and the lives of its inhabitants. In truth, this film is the effect of the first novel, "Peyton Place," upon the people of the town.

PLAYHOUSE TIBURON

Held over is the third filming of an Ian Fleming novel, "Goldfinger," with James Bond again being played by Sean Connery.

In this one, the intreped Agent 007 comes up against a variety of interesting characters.

Of course, the girls are many and pretty. Notable are Honor Blackman, Tania Miller, and Shirley Eaton.

FAIRFAX THEATER

"Zorba, the Greek" is staying here again, starring Anthony Quinn in the title role.

Alan Bates plays an English writer who comes to Crete to refresh his soul, and hires Zorba to work a mine he inherited.

Lila Kedrova co-stars in the role that won her an Academy Award—that of a coquettish hotel keeper.

LARK THEATER

Also held over another week is "the story of a female Tom Jones," "Fanny Hill; Memoirs of a woman of Pleasure."

Fanny is an innocent young girl who comes to London in 1748 and takes a job with Mrs. Brown. What she it too naive to realize is that Mrs. Brown's 12 "neices" are really playmates for the town's elite gentlemen.

SEQUOIA THEATER

Staying with us is "Cheyenne Autumn," screen report of a tragic incident in U.S. frontier history.

In 1878, the last of the Cheyenne Indians, desperate with the wretched living conditions on their Oklahoma reservation, flee west. They set out on a desperate 1,500-mile trek to their Montana homeland. In their flight they are pursued half-heartedly by a party of U. S. Cavalry, whose sympathy brings the Indians' plight to the attention of a fair-minded secretary of the interior.

Son Is Now Father Of Twins

Judge Harold J. Haley, himself the father of twins, reported yesterday that in keeping with the tradition, one of them has in turn had twins.

The Marin Superior Court magistrate said the mother is Mrs. Thomas Fennone, now living in Lafayette.

Her twins, born Wednesday in Oakland, have been named Robert Stephen and James Francis.

Twin sister of Mrs. Fennone is Mrs. Stanley Atkinson of Los Altos.
